

DEPARTMENT OF PUBLIC SERVICE AND ADMINISTRATION

Head: Lori L. Taylor

The Department of Public Service and Administration (PSAA) develops principled leaders for the public and nonprofit sectors, providing students with the tools and knowledge they need for impactful public service careers. Students in PSAA develop the analytical, communication and leadership skills needed to tackle complex challenges in the public and nonprofit sectors as thoughtful, objective, effective, and ethical public servants.

The PSAA Department offers the highly ranked and NASPAA (Network of Schools of Public Policy, Affairs, and Administration) accredited Master of Public Service and Administration (MPSA) and Executive Master of Public Service and Administration (EMPSA) degree, as well as graduate certificates in Nonprofit Management, Public Management, Public Policy Analysis, and Homeland Security. The MPSA program is offered primarily in residence, while the EMPSA (<https://catalog.tamu.edu/graduate/colleges-schools-interdisciplinary/government-public-service/public-service-administration/executive-mps/>) program is offered primarily online via distance education technology. With the exception of the new Graduate Certificate in Public Policy Analysis, the graduate certificates are offered both in residence and online via distance education technology. The Graduate Certificate in Public Policy Analysis is offered in residence to students already enrolled in graduate programs at Texas A&M University

The PSAA Department also offers the MPSA in combined degree programs administered jointly with other departments on campus.

Faculty

Ashley, Frank B, Senior Professor
