ENDO - ENDODONTICS

ENDO 600 Current Literature Review I
Credit 1. 1 Lecture Hour.
Detailed review of recently published literature on all subjects related
to endodontics; critical evaluation of the scientific literature; student
assignment of recent issues of 28 selected dental journals for critical
review of pertinent articles for scientific merit and clinical relevance.
Students register for a total of 9 credit hours.

ENDO 601 Current Literature Review II
Credit 1. 1 Lecture Hour.
Detailed review of recently published literature on all subjects related
to endodontics; critical evaluation of the scientific literature; student
assignment of recent issues of 28 selected dental journals for critical
review of pertinent articles for scientific merit and clinical relevance.
Students register for a total of 9 credit hours.

ENDO 602 Current Literature Review III
Credit 1. 1 Lecture Hour.
Detailed review of recently published literature on all subjects related
to endodontics; critical evaluation of the scientific literature; student
assignment of recent issues of 28 selected dental journals for critical
review of pertinent articles for scientific merit and clinical relevance.
Students register for a total of 9 credit hours.

ENDO 603 Current Literature Review IV
Credit 1. 1 Lecture Hour.
Detailed review of recently published literature on all subjects related
to endodontics; critical evaluation of the scientific literature; student
assignment of recent issues of 28 selected dental journals for critical
review of pertinent articles for scientific merit and clinical relevance.
Students register for a total of 9 credit hours.

ENDO 604 Current Literature Review V
Credit 1. 1 Lecture Hour.
Detailed review of recently published literature on all subjects related
to endodontics; critical evaluation of the scientific literature; student
assignment of recent issues of 28 selected dental journals for critical
review of pertinent articles for scientific merit and clinical relevance.
Students register for a total of 9 credit hours.

ENDO 605 Current Literature Review VI
Credit 1. 1 Lecture Hour.
Detailed review of recently published literature on all subjects related
to endodontics; critical evaluation of the scientific literature; student
assignment of recent issues of 28 selected dental journals for critical
review of pertinent articles for scientific merit and clinical relevance.
Students register for a total of 9 credit hours.

ENDO 606 Current Literature Review VII
Credit 1. 1 Lecture Hour.
Detailed review of recently published literature on all subjects related
to endodontics; critical evaluation of the scientific literature; student
assignment of recent issues of 28 selected dental journals for critical
review of pertinent articles for scientific merit and clinical relevance.
Students register for a total of 9 credit hours.

ENDO 607 Endodontics Treatment Planning Conference I
Credit 1. 1 Lecture Hour.
Diagnosis and treatment planning for complicated endodontic cases
requiring advanced skills; case presentation by students and graduate
faculty in a prescribed format; formulation and defense of diagnosis and
treatment plan with biologic rationale based on documented scientific or
clinical evidence. Students register for a total of 9 credit hours.

ENDO 608 Endodontics Treatment Planning Conference II
Credit 1. 1 Lecture Hour.
Diagnosis and treatment planning for complicated endodontic cases
requiring advanced skills; case presentation by students and graduate
faculty in a prescribed format; formulation and defense of diagnosis and
treatment plan with biologic rationale based on documented scientific or
clinical evidence. Students register for a total of 9 credit hours.

ENDO 609 Endodontics Treatment Planning Conference III
Credit 1. 1 Lecture Hour.
Diagnosis and treatment planning for complicated endodontic cases
requiring advanced skills; case presentation by students and graduate
faculty in a prescribed format; formulation and defense of diagnosis and
treatment plan with biologic rationale based on documented scientific or
clinical evidence. Students register for a total of 9 credit hours.

ENDO 610 Endodontics Treatment Planning Conference IV
Credit 1. 1 Lecture Hour.
Diagnosis and treatment planning for complicated endodontic cases
requiring advanced skills; case presentation by students and graduate
faculty in a prescribed format; formulation and defense of diagnosis and
treatment plan with biologic rationale based on documented scientific or
clinical evidence. Students register for a total of 9 credit hours.

ENDO 611 Endodontics Treatment Planning Conference V
Credit 1. 1 Lecture Hour.
Diagnosis and treatment planning for complicated endodontic cases
requiring advanced skills; case presentation by students and graduate
faculty in a prescribed format; formulation and defense of diagnosis and
treatment plan with biologic rationale based on documented scientific or
clinical evidence. Students register for a total of 9 credit hours.

ENDO 612 Endodontics Treatment Planning Conference VI
Credit 1. 1 Lecture Hour.
Diagnosis and treatment planning for complicated endodontic cases
requiring advanced skills; case presentation by students and graduate
faculty in a prescribed format; formulation and defense of diagnosis and
treatment plan with biologic rationale based on documented scientific or
clinical evidence. Students register for a total of 9 credit hours.

ENDO 613 Endodontics Treatment Planning Conference VII
Credit 1. 1 Lecture Hour.
Diagnosis and treatment planning for complicated endodontic cases
requiring advanced skills; case presentation by students and graduate
faculty in a prescribed format; formulation and defense of diagnosis and
treatment plan with biologic rationale based on documented scientific or
clinical evidence. Students register for a total of 9 credit hours.

ENDO 614 Special Problems in Endodontics I
Credit 1. 1 Lecture Hour.
In-depth exploration of subjects of individual’s interest under graduate
faculty supervision; concentrated and detailed search for information
and analysis of published data as a basis for special reports, protocol
development, research orientation and formulation. Students may
register for a total of 6 semester hours.

ENDO 615 Special Problems in Endodontics II
Credit 1. 1 Lecture Hour.
In-depth exploration of subjects of individual’s interest under graduate
faculty supervision; concentrated and detailed search for information
and analysis of published data as a basis for special reports, protocol
development, research orientation and formulation. Students may
register for a total of 6 semester hours.
ENDO 616 Special Problems in Endodontics III
Credit 1. 1 Lecture Hour.
In-depth exploration of subjects of individual’s interest under graduate faculty supervision; concentrated and detailed search for information and analysis of published data as a basis for special reports, protocol development, research orientation and formulation. Students may register for a total of 6 semester hours.

ENDO 617 Special Problems in Endodontics IV
Credit 1. 1 Lecture Hour.
In-depth exploration of subjects of individual’s interest under graduate faculty supervision; concentrated and detailed search for information and analysis of published data as a basis for special reports, protocol development, research orientation and formulation. Students may register for a total of 6 semester hours.

ENDO 618 Special Problems in Endodontics V
Credit 1. 1 Lecture Hour.
In-depth exploration of subjects of individual’s interest under graduate faculty supervision; concentrated and detailed search for information and analysis of published data as a basis for special reports, protocol development, research orientation and formulation. Students may register for a total of 6 semester hours.

ENDO 619 Advanced Special Problems in Endodontics I
Credit 1. 1 Lecture Hour.
Advanced topics of individual scientific or clinical interest. Students may register for a total of 5 semester hours.

ENDO 620 Advanced Special Problems in Endodontics II
Credit 1. 1 Lecture Hour.
Advanced topics of individual scientific or clinical interest. Students may register for a total of 5 semester hours.

ENDO 621 Implant Concepts and Treatment
Credits 2. 2 Other Hours.
In-depth knowledge of the theories, concepts and treatment modalities of implant prosthodontics. Emphasis is placed integrating basic concepts with rationale for treatment.

ENDO 622 Clinical Endodontics I
Credits 2. 2 Lab Hours.
Diagnosis, management and treatment of patients requiring endodontic therapy by beginning graduate students under faculty supervision; case selection and patient load determined by student aptitude and clinical competence; students register for a total of three semesters.

ENDO 623 Clinical Endodontics II
Credits 2. 2 Lab Hours.
Diagnosis, management and treatment of patients requiring endodontic therapy by beginning graduate students under faculty supervision; case selection and patient load determined by student aptitude and clinical competence; students register for a total of three semesters.

ENDO 624 Clinical Endodontics III
Credits 2. 2 Lab Hours.
Diagnosis, management and treatment of patients requiring endodontic therapy by beginning graduate students under faculty supervision; case selection and patient load determined by student aptitude and clinical competence; students register for a total of three semesters.

ENDO 625 Clinical Endodontics IV
Credits 2. 2 Lab Hours.
Diagnosis, management and treatment of patients requiring endodontic therapy by beginning graduate students under faculty supervision; case selection and patient load determined by student aptitude and clinical competence; students register for a total of three semesters.

ENDO 626 Clinical Endodontics V
Credits 2. 2 Lab Hours.
Diagnosis, management and treatment of patients requiring endodontic therapy by beginning graduate students under faculty supervision; case selection and patient load determined by student aptitude and clinical competence; students register for a total of three semesters.

ENDO 627 Advanced Clinical Endodontics I
Credits 2. 2 Lab Hours.
Diagnosis and management of patients with complex treatment problems; includes medically compromised patients, retreatments, surgeries and difficult interdisciplinary cases.

ENDO 628 Advanced Clinical Endodontics II
Credits 2. 2 Lab Hours.
Diagnosis and management of patients with complex treatment problems; includes medically compromised patients, retreatments, surgeries and difficult interdisciplinary cases.

ENDO 629 Special Topics In...
Credits 0 to 4. 0 to 4 Other Hours.
Selected topics in an identified area of endodontics. May be repeated for credit.

ENDO 691 Research
Credits 1 to 5. 1 to 5 Other Hours.
Research for thesis or dissertation.
