RPTS 601 Interrelationships of Recreation and Leisure Concepts
Credits 3. 3 Lecture Hours.
History and philosophy of the field of recreation and parks; fundamentals of planning, development and management of resources allocated for recreation, parks and tourism purposes; development of the recreation movement with broad treatment of the role of recreation and parks in contemporary society.

RPTS 602 Social Science Foundations of Recreation, Parks and Tourism
Credits 3. 3 Lecture Hours.
Sociological and social psychological dimensions of leisure, recreation and related behavior; nature and function of leisure for individuals and for society; implications for development and management of recreation resources.
Prerequisite: RPTS 601 or previous academic background in recreation and parks.

RPTS 603 Financing and Marketing Park and Recreation Resources
Credits 3. 3 Lecture Hours.
Positioning park and recreation services; traditional and non-traditional sources of financing for developing services and facilities; philosophy and techniques of marketing services and facilities.

RPTS 604 Principles of Community and Community Development
Credits 3. 3 Lecture Hours.
Examines different theories about community development as well as the concept of community; explores measurement and other methodological issues in the conduct of basic and applied community research.
Prerequisite: Graduate classification.

RPTS 605 Community Organization
Credits 3. 3 Lecture Hours.
Examines how community organization and institutions differ and result from diverse social, cultural and demographic factors; explores how these factors restructure communities over time and community responses to restructuring.
Prerequisite: Graduate classification.

RPTS 606 Overview of Tourism
Credits 3. 3 Lecture Hours.
Theoretical introduction to the field of tourism sciences; the cooperative and dynamic nature of decision-making in tourism; the contributions made by various disciplines towards understanding the consequences of tourism trade and activity; and identification of critical issues in the study of travel and tourism.

RPTS 609 Social, Economic and Cultural Issues in Outdoor Recreation and Natural Resources
Credits 3. 3 Lecture Hours.
Survey of socio-economic and cultural characteristics impinging on provision of outdoor recreation opportunities in urban and non-urban settings; implications of social and cultural factors on recreation resource use patterns, resource development and policy issues.

RPTS 615 Analytic Techniques in Recreation, Parks and Tourism
Credits 3. 3 Lecture Hours.
Analysis of current research; instruments and analytic techniques used in the selection and formulation of research problems.
RPTS 655/WFSC 655 Applied Biodiversity Science I
Credits 3. 3 Lecture Hours.
Students will study in the areas of Conservation genetics, metapopulations, landscape ecology, and ecosystem management.
Prerequisite(s): Graduate classification.
Cross Listing: WFSC 655/RPTS 655.

RPTS 666 Parks, Tourism and the Natural Environment
Credits 3. 3 Lecture Hours.
Parks, Tourism and the Natural and Cultural Environment. # Analysis of natural and cultural resource management in the United States; emphasis on federal policy and the influence by political processes at the national, regional, and local levels; case studies to illustrate conceptual and legal frameworks in real world contexts, including the policy and politics of tourism and recreation, endangered species, contested history, and Native American traditions and sovereignty.
Prerequisite: RPTS 602 or approval of instructor.

RPTS 670 Youth Development Programs and Services
Credits 3. 3 Lecture Hours.
Principles and practices of youth development supports, opportunities, programs and services; emphasis on the role of out-of-school time settings in youth development; programming considerations related to gender, disability and culture; introduction to evaluation and financing of youth development programs.

RPTS 671 Practice and Development of Effective Skills for Youth Development
Credits 3. 3 Lecture Hours.
Development of skills and competencies needed to successfully manage paid and volunteer staff, design youth programs, address safety and risk management issues; build community support of public, non-profit, and for profit or commercial youth programs and agencies; history and scope of youth serving organizations; programming and staffing strategies; managing, mentoring and training staff; diverse approaches to program curriculum and design; behavior management and recognition of youth participants; youth protection; relevant laws and legal mandates; safety, health and wellness; youth advocacy and engagement; working with parents and community partners; and issues and innovations in youth development.

RPTS 672 Community Based Participatory Research
Credits 3. 3 Lecture Hours.
Examination of historical and emerging philosophical, ethical and methodological issues; CBPR intersection with race, class, gender and other forms of oppression and critical methodologies; challenges for academics and community members to co-construct knowledge; orientation to democratic processes of social and organizational change; focus on inclusion of youth population in building partnerships; gain practical experience in participatory research methods.

RPTS 674 Administration, Management and Leadership in Youth Programs
Credits 3. 3 Lecture Hours.
Organizational behavior, administration and management of public, non-profit and for-profit youth programs and agencies; foundations of management and organizational behavior in the context of youth organizations; organizational culture; strategic planning; capacity building; evaluation; marketing and communication; human resource management; financial resource development; budgeting and fiscal management; contemporary issues facing the youth development field.

RPTS 678/RENR 678 Latent Variable Model Applications in the Leisure Sciences
Credits 3. 3 Lecture Hours.
Introduction to structural equation modeling (SEM); background on conceptual issues, application of the method, and insight on SEM software; measurement theory, missing data analysis, non-normal data, confirmatory factor analysis, path analysis, multi-group models.
Prerequisites: STAT 636 or approval of instructor.
Cross Listing: RENR 678/RPTS 678.

RPTS 679 Research and Analysis of Issues and Trends in Youth Development
Credits 2. 2 Lecture Hours.
In-depth examination and analysis of a contemporary issue or trend in youth development from a bioecological systems approach with applications to research and best practices.

RPTS 684 Professional Internship
Credits 1 to 4. 1 to 4 Other Hours.
Survey and application of principles of recreation and resources development; selected aspects of park and recreation management in professional setting within an approved recreation/park agency under the supervision of a member of the graduate faculty.

RPTS 685 Directed Studies
Credits 1 to 4. 1 to 4 Other Hours.
Investigations not included in student's research for thesis or dissertation; problems selected in administration or management, recreation or planning.

RPTS 689 Special Topics in...
Credits 1 to 4. 1 to 4 Lecture Hours. 0 to 9 Lab Hours.
Selected topics in an identified area of recreation and resources development. May be repeated for credit.
Prerequisite: Approval of department head.

RPTS 691 Research
Credits 1 to 23. 1 to 23 Other Hours.
Research in recreation and resources development for thesis or dissertation.

RPTS 693 Professional Study
Credits 1 to 9. 1 to 9 Other Hours.
Approved research or professional paper undertaken as the terminal requirement for the Master of Science Non-Thesis or Natural Resources Development. May be taken more than once, but not to exceed 3 hours credit towards a degree.
Prerequisite: Approval of instructor.
