MANAGEMENT - BBA, HUMAN RESOURCE MANAGEMENT TRACK

The BBA in Management offers five specializations, or tracks, that provide academic focus and career direction for student interests.

A career in human resources allows HR professionals to engage in the strategic management of an organization’s human capital. Students in the Human Resource Management track will learn how HR professionals develop and implement workplace policies and initiatives regarding employee recruiting, selection, compensation, training & development, performance management, career planning, and employee & labor relations.

BUAD students expecting to declare their upper level major in Management with the Human Resource Management track will meet the following requirements.

Upper-level Entry Requirements and Application Procedures

Students who meet the University and college entrance requirements enter Mays Business School in the BUAD (lower-level business) classification. Enrollment of Mays Business School students in junior- and senior-level business courses is limited to those who have been admitted to upper-level (also referred to as upper division) in one of the seven majors (B.B.A.: accounting, business honors, finance, management, management information systems, marketing, and supply chain management) in the college.

The B.B.A. (accounting, business honors, finance, management, management information systems, marketing, and supply chain management) upper-level entry requirements and application procedures are as follows:

1. To be admitted to an upper-level major, a student must be admitted to Mays Business School and have:
   a. Satisfactorily completed the following five courses:
      
      | Code   | Title                              | Semester Credit Hours |
      |--------|------------------------------------|-----------------------|
      | ACCT 229 | Introductory Accounting            | 3                     |
      | ECON 202 | Principles of Economics            | 3                     |
      | ECON 203 | Principles of Economics            | 3                     |
      | MATH 140 | Mathematics for Business and Social Sciences | 3               |
      | MATH 142 | Business Calculus (or its equivalent) | 3                    |

   b. BUAD students apply for upper level no later than the last class day of the semester before they expect to enter upper level.
   
   NOTE: To enter upper level in the summer, all requirements must be completed BEFORE the beginning of the FIRST SUMMER SESSION.
   
   c. Business students must successfully complete these three remaining lower-level Core Business Knowledge (CBK) courses at Texas A&M during their first upper-level semester, unless satisfactorily completed prior to upper-level entry:

   2. Transfer students: Transfer students admitted to Mays Business School will be classified as BUAD (lower-level Business) students until they complete all requirements listed previously in item 1, at which time they may apply for admission to an upper-level major field of study. Transfer students may immediately apply for upper-level when admitted to Mays Business School if, and only if, they meet all upper-level requirements at that time.

3. Change of curriculum students: Texas A&M students who change curriculum into Mays Business School from another college or department at the University will be classified as BUAD (lower-level Business) students until they complete all requirements listed previously in item 1. Change of curriculum students who, when admitted to the business school, qualify to apply for admission to upper level may do so.

4. Preference for available seats in junior- and senior-level business courses will be given to students who have been admitted to a degree granting major in Mays Business School. All ineligible students who pre-register for upper-level business classes are subject to cancellation of their registration in these courses.
