

DEPARTMENT OF MANAGEMENT

Welcome to Mays Business School's Department of Management - a distinguished leader in the field of management education and research - where tradition meets innovation in creating tomorrow's business leaders. Our globally recognized programs combine academic excellence with real-world application, preparing students to make their mark in the ever-evolving business landscape. For an inside look at our transformative community, visit the Department of Management website (<https://mays.tamu.edu/departments/management/>).

The Bachelor of Business Administration (BBA) in Management (MGMT) delivers a powerful combination of cutting-edge theory and real-world experience. Our graduates emerge ready to excel in diverse roles across Fortune 500 companies, innovative consulting firms, dynamic startups, impactful nonprofits, and government agencies. This versatile degree opens doors to countless opportunities while providing the robust foundation that employers value and families trust for their student's future success.

In our program, students develop essential leadership capabilities that set them apart in the marketplace. Through immersive experiences, they master the art of strategic thinking, effective communication, and collaborative leadership – skills that remain valuable throughout their entire careers.

Our students choose from four powerful specialization tracks, each designed to align passion with purpose:

- *Consulting and General Management* - Transform organizations through strategic problem-solving and innovative solutions. Whether working with established consulting firms or leading corporate initiatives, you'll drive positive change across industries.
- *Entrepreneurial Leadership* - Unleash your innovative spirit and learn to build successful ventures from the ground up. Master the tools of entrepreneurship while developing the leadership skills to inspire teams and drive growth.
- *Human Resource Management* - Shape the future of work by becoming a strategic partner in talent management. Learn to build and lead high-performing organizations while developing initiatives that drive both employee success and business results.
- *Pre-Law* - Bridge the worlds of business and law in this distinctive track. Prepare for leadership roles in corporate compliance, public policy, or advanced legal studies while developing a valuable foundation in business principles.

The BBA MGMT program offers both immediate career advantages and long-term professional growth potential. Whether launching directly into a rewarding career or pursuing advanced degrees, our graduates enter the next phase of their journey with confidence, competence, and connections that last a lifetime.
