ITDE - INTERDISCIPLINARY ENGR (ITDE)

ITDE 285 Directed Studies
Credits 0 to 6. 0 to 6 Other Hours.
Directed studies within interdisciplinary engineering.
**Prerequisites:** Sophomore classification and approval of interdisciplinary engineering director or delegate.

ITDE 291 Research
Credits 1 to 6. 1 to 6 Other Hours.
Research conducted under the direction of faculty member in interdisciplinary engineering.
**Prerequisites:** Sophomore classification and approval of interdisciplinary engineering director or delegate.

ITDE 399 High Impact Experience for Interdisciplinary Engineers
Credits 0. 0 Other Hours.
Participation in an approved high-impact learning practice; reflection on professional outcomes from engineering body of knowledge; documentation and self-assessment of learning experience at mid-curriculum point.
**Prerequisites:** ITDE major; junior or senior classification.

ITDE 485 Directed Studies
Credits 0 to 6. 0 to 6 Other Hours.
Directed studies within interdisciplinary engineering.
**Prerequisites:** Junior or senior classification and approval of interdisciplinary engineering director or delegate.

ITDE 491 Research
Credits 1 to 6. 1 to 6 Other Hours.
Research conducted under the direction of faculty member in interdisciplinary engineering.
**Prerequisites:** Junior or senior classification and approval of interdisciplinary engineering director or delegate.

ITDE 499 Degree Plan Approval for ITDE
Credits 0. 0 Other Hours.
Successful completion of approved Bachelor of Science in Interdisciplinary Engineering degree plan.
**Prerequisites:** ITDE major; junior or senior classification; ENGR 402 or concurrent enrollment.
