TCMG - Technology Management

Courses

TCMG 272 Technology and End-User Support  
Credits: 3.3 Lecture Hours.  
Upgrading, setup, configuration, troubleshooting of computer systems; development of skills to work with end-users; technology needs assessment; escalation and defusing strategies; service learning and community engagement.  
Prerequisite: Sophomore classification.

TCMG 274 Distance Networking for Training and Development  
Credits: 3.3 Lecture Hours.  
Development of knowledge towards application of telecommunication networking in public education and corporate training settings; technical alternatives for delivery of subject matter for educators and trainers.  
Prerequisites: Sophomore classification and approval of instructor.

TCMG 285 Directed Studies  
Credits: 0 to 12.0 to 12 Lecture Hours.  
Directed readings or research problems in industrial technology.

TCMG 289 Special Topics in...  
Credits: 1 to 4.1 to 4 Lecture Hours. 0 to 4 Lab Hours.  
Selected topics in an identified area of industrial technology. May be repeated for credit.

TCMG 291 Research  
Credits: 0 to 4.0 to 4 Lecture Hours.  
Research conducted under the direction of faculty member in technology management. May be repeated 3 times for credit.  
Prerequisites: Freshman or sophomore classification and approval of instructor.

TCMG 303 Unix System Administration Practices  
Credits: 4.3 Lecture Hours. 3 Lab Hours.  
Development and system administration of the Unix operating system; technical alternatives for proactive and reactive maintenance of system health.  
Prerequisites: TCMG 272 and TCMG 274 with a grade of C or better; junior or senior classification or approval of instructor.

TCMG 308 Security and Ethics in the Digital World  
Credits: 3.3 Lecture Hours.  
Introduction to cybersecurity; analysis of threats and risks from the environment; development of appropriate strategies to mitigate impact; ethics of extraordinary administrative access; ethics of digital forensics and implications to society.  
Prerequisites: TCMG 272 and TCMG 274 with a grade of C or better; junior or senior classification or approval of instructor.

TCMG 316 Database Systems Administration and Application  
Credits: 4.3 Lecture Hours. 3 Lab Hours.  
Database administration and application use techniques; database structures, modeling, configuration, development, security, topologies and access; focus on system administration of Unix-based database systems.  
Prerequisite: TCMG 303 with a grade of C or better.

TCMG 402 Instructional Technology and Design  
Credits: 3.3 Lecture Hours.  
Design principles; development of instruction; contemporary issues and trends; foundations in learning research; requirements for instruction, task and needs analysis; learning situations and instructional models; hardware and software innovations; assessing instructional outcomes; factors affecting utilization.  
Prerequisites: EHRD 371 with a grade of C or better; junior or senior classification or approval of instructor.

TCMG 412 Contemporary Issues in Technology Management  
Credits: 3.3 Lecture Hours.  
Specific innovation or practices nascent to the professional information technology industry; discovery of practical applications and analytics of new innovation.  
Prerequisites: TCMG 272 and TCMG 274 with a grade of C or better; junior or senior classification.

TCMG 476 Managing Technical Networks  
Credits: 4.3 Lecture Hours. 3 Lab Hours.  
Development of knowledge and skills towards the application of technical network management in public education and corporate training settings; focus on practices, techniques and tools for managers of technical networks.  
Prerequisites: TCMG 272 and TCMG 274 with a grade of C or better; junior or senior classification.

TCMG 484 Professional Internship  
Credits: 6.6 Other Hours.  
Directed internship in an organization to provide students with a learning experience supervised by professionals in organizational settings appropriate to the student’s professional objectives; must be in good standing with the University.  
Prerequisites: EHRD 481 and EHRD 490 with a grade of C or better; approval of instructor.

TCMG 485 Research  
Credits: 0 to 12.0 to 12 Other Hours.  
Directed Studies. Directed readings or research problems in industrial technology.  
Prerequisites: Junior or senior classification; approval of directed studies application.

TCMG 489 Special Topics in...  
Credits: 1 to 4.1 to 4 Lecture Hours. 0 to 4 Lab Hours.  
Selected topics in an identified area of industrial technology. May be repeated for credit.  
Prerequisite: Approval of instructor.

TCMG 491 Research  
Credits: 0 to 4.0 to 4 Other Hours.  
Research conducted under the direction of faculty member in technology management.  
Prerequisites: Junior or senior classification; approval of instructor.
