

TEFB - TEACHER ED FIELD BASED (TEFB)

TEFB 273 Introduction to Culture, Community, Society and Schools

Credits 3. 2 Lecture Hours. 3 Other Hours. (EDUC 1301) Introduction to Culture, Community, Society and Schools. Field-based course that introduces the culture of schooling and classrooms for analysis within the lens of language, gender, racial, socio-economic, ethnic and academic diversity; the family as a partner in education and educational equality discussed.

TEFB 322 Teaching and Schooling in Modern Society

Credits 3. 2 Lecture Hours. 3 Lab Hours. Development, structure, management and finance of secondary schools; historical, philosophical, ethical and moral dimensions of teaching; role of school in a democratic society; teaching as a profession. **Prerequisites:** Junior or senior classification; admission to educator preparation program.

TEFB 324 Teaching Skills II

Credits 3. 2 Lecture Hours. 2 Lab Hours. Study and development of teaching skills necessary for applying instructional strategies; teaching general strategies, assessing student learning, and analyzing and synthesizing multiple source data; emphasis given to adolescent development and cultures and to teacher and child cultures. **Prerequisites:** Grade of C or better in TEFB 322; junior or senior classification.

TEFB 371 Dynamics and Management in Multicultural/Inclusionary Learning Environments

Credits 3. 2 Lecture Hours. 4 Lab Hours. Field-based course focusing on communication, methodology and management perspectives that lead to democratic classrooms; organizational structures that focus on transformative, inclusionary learning; interventions for students with disabilities; analysis of systemic conditions placing children from diverse backgrounds and representing diverse abilities in positions of "risk" for incomplete success in school. **Prerequisite:** Admission to teacher education; junior or senior classification; concurrent enrollment in EDCI 354.

TEFB 401 Language Arts in the Middle and Senior School

Credits 3. 2 Lecture Hours. 6 Lab Hours. Methodology of teaching language arts-related content with specific reference to language, literature, journalism, drama and speech interactions among these areas; development of oral competence; coordination with other subjects. Phase IV, Practicum I. **Prerequisites:** Completion of Phases I, II and III of the secondary program; admission to teacher education; enrollment in language arts-related teaching field.

TEFB 404 Social Studies in the Middle and Senior High School

Credits 3. 2 Lecture Hours. 6 Lab Hours. Features of social studies instruction in grades 6-12; approaches, methods and instructional materials. Phase IV, Practicum I. **Prerequisites:** Completion of Phases I, II and III of the secondary program; admission to teacher education; enrollment in history and/or social science teaching field.

TEFB 406 Science in the Middle and Secondary School

Credits 3. 2 Lecture Hours. 6 Lab Hours. Methods course for the prospective secondary teacher in the physical and biological sciences; implementation of contemporary curricula. Phase IV, Practicum I. **Prerequisites:** SEED minor; admission to educator preparation program; grade of C or better in TEFB 324.

TEFB 407 Mathematics in the Middle and Senior School

Credits 3. 2 Lecture Hours. 6 Lab Hours. Design and teach selected topics from middle and secondary school mathematics. Content, materials and methodology. **Prerequisites:** SEED minor; admission to educator preparation program; grade of C or better in TEFB 324.

TEFB 410 Social Studies and the Humanities in the Elementary School

Credits 3. 2 Lecture Hours. 6 Lab Hours. Recent trends, issues and procedures related to curriculum development and instruction in the social studies and humanities; integration of content, planning, design of appropriate teaching/learning experiences and evaluation; preparation of prototype materials. **Prerequisite:** Admission to teacher education; junior or senior classification; concurrent enrollment in RDNG 467, TEFB 412, and TEFB 413.

TEFB 412 Mathematics in the Elementary School

Credits 3. 2 Lecture Hours. 6 Lab Hours. Introduction to understanding of modern mathematics; integration of content, history and application of discovering techniques using problem solving approach; developing an understanding of four fundamental procedures—structure, measurement, sets, fractions—and communication of important mathematical concepts to elementary children. **Prerequisites:** Admission to educator preparation program; concurrent enrollment in RDNG 467, TEFB 410 and TEFB 413.

TEFB 413 Science in the Elementary School

Credits 3. 2 Lecture Hours. 6 Lab Hours. Designed to help elementary teachers understand basic concepts of science and scientific methods; content relates to natural phenomena involving physical, chemical and biological processes; elementary students appreciation and interest in science. **Prerequisites:** Admission to educator preparation program; concurrent enrollment required in RDNG 467, TEFB 410 and TEFB 412.

TEFB 426 Supervised Clinical Teaching

Credits 6. 24 Other Hours. Culmination of teacher education program; integration and application of knowledge and skills learned from program of study while clinical teaching in accredited schools with university supervision. Must be taken on a satisfactory/unsatisfactory basis.

Prerequisite: Admission and retention in teacher education program; successful completion of all coursework; senior classification.

TEFB 429 Supervised Clinical Teaching

Credits 9. 36 Other Hours. Culmination of teacher education program; integration and application of knowledge and skills learned from program of study while clinical teaching in accredited schools with university supervision. Must be taken on a satisfactory/unsatisfactory basis.

Prerequisites: Admission and retention in teacher education program; successful completion of all coursework; senior classification.
