Other programs in the college prepare students for specific human management programs for the preparation of certified school personnel. The College of Education and Human Development is responsible for Human Development's research activities. Increasingly, these service efforts and businesses and industries is a strong commitment of the College of Education and Human Development. Service to the state and nation through teaching, supervising and advising schools, state agencies, other institutions of higher education, and businesses and industries is a strong commitment of the College of Education and Human Development. Particularly committed to providing students with the ability to use sophisticated technologies in their instructional repertoires. Teacher preparation programs are particularly committed to providing students with the ability to use sophisticated technologies in their instructional repertoires. Production of knowledge is central to the College of Education and Human Development’s research role. The College of Education and Human Development supports both basic and applied research activities. Of particular interest is the effort to translate research findings into models and prescriptions that will result in substantive educational and health improvement in field settings. In discharging its teaching function, the College of Education and Human Development seeks to prepare highly qualified professionals for a wide variety of professional settings. Teacher preparation programs are particularly committed to providing students with the ability to use sophisticated technologies in their instructional repertoires. Service to the state and nation through teaching, supervising and assisting schools, state agencies, other institutions of higher education, and businesses and industries is a strong commitment of the College of Education and Human Development. Increasingly, these service efforts build on new knowledge generated through the College of Education and Human Development’s research activities. The College of Education and Human Development is responsible for managing programs for the preparation of certified school personnel. Other programs in the college prepare students for specific human service roles in the private sector and within state and community agencies. College of Education and Human Development majors include interdisciplinary studies (certification) EC-6, middle school, bilingual and special education; technology management and human resource development; health (including school health education); community health; kinesiology (including physical education certification); and sport management. Students interested in any elementary, middle school or secondary certification programs are responsible for meeting with an advisor in the Department of Teaching, Learning and Culture’s Office of Undergraduate Advising. Advisors have available specific information regarding all program options.

Students seeking secondary certification in areas other than health or kinesiology must major in an academic discipline offered through the appropriate college. Professional education courses for secondary certification are offered by the College of Education and Human Development. Students interested in secondary certification must report to an advisor in the Department of Teaching, Learning and Culture’s Office of Undergraduate Advising to access additional information about the multiple routes to secondary certification at the post-baccalaureate level.

General Requirements for Admission to Professional Programs

The programs of study in the College of Education and Human Development are composed of two phases—the pre-professional phase and the professional phase. The pre-professional phase consists of basic University Core Curriculum requirements and introductory courses to the major field of study. The professional phase consists of advanced work in the major field of study, courses in the professional undergirding disciplines and professional studies courses.

Upon entering the College of Education and Human Development, students are assigned a general College of Education and Human Development major that tracks the pre-professional phase of their chosen program. To advance to the professional phase of the chosen program and to be accepted into the professional major, students must meet the program entry requirements and be accepted by the program faculty. Students are responsible for contacting the departmental advisors to obtain information about specific requirements for their major and program areas.

Requirements for Admission to Teacher Education Programs

The State of Texas establishes standards for teacher education programs. All certification programs at Texas A&M are in compliance with these requirements. Students must meet state, University, College of Education and Human Development and department/program requirements for matriculation into a teacher education program. Students are responsible for contacting the departmental advisors to obtain information about specific requirements for their major and program areas.

Teacher Education Retention Policy

A student, after being admitted to teacher education, who fails to continue to meet all requirements, will be dropped from the program and may not continue in or register for any professional teacher education course. Any student removed from or who discontinues student teaching because of unsatisfactory performance will be dropped from the teacher education program. A student dropped from the teacher education for unsatisfactory performance.
program may apply through their respective department for readmission to the teacher education program.

**Majors**

**Department of Educational Administration and Human Resource Development**

- Bachelor of Science in Technology Management ([link](http://catalog.tamu.edu/undergraduate/education-human-development/educational-administration-human-resource-development/technology-management-bs))

**Department of Educational Psychology**

- Bachelor of Science in Interdisciplinary Studies, Bilingual Education-EC6 ([link](http://catalog.tamu.edu/undergraduate/education-human-development/educational-psychology/interdisciplinary-studies-bs-bilingual-ec6))
- Bachelor of Science in Interdisciplinary Studies, Special Education-EC12 ([link](http://catalog.tamu.edu/undergraduate/education-human-development/educational-psychology/interdisciplinary-studies-bs-special-education-ec12))
- Bachelor of Science in University Studies, Child Professional Services Concentration ([link](http://catalog.tamu.edu/undergraduate/education-human-development/educational-psychology/child-professional-services-university-studies-bs))

**Department of Health and Kinesiology**

**Health**

- Bachelor of Science in Community Health ([link](http://catalog.tamu.edu/undergraduate/education-human-development/health-kinesiology/community-health-bs))
- Bachelor of Science in Health, Allied Health Track ([link](http://catalog.tamu.edu/undergraduate/education-human-development/health-kinesiology/health-bs-allied-health-track))
- Bachelor of Science in Health, School Health Track ([link](http://catalog.tamu.edu/undergraduate/education-human-development/health-kinesiology/health-bs-school-health-track))

**Kinesiology**

- Bachelor of Science in Kinesiology, All-Level Physical Education Teacher Certification Track ([link](http://catalog.tamu.edu/undergraduate/education-human-development/health-kinesiology/kinesiology-bs-physical-education-teacher-certification-track))
- Bachelor of Science in Kinesiology, Dance Science Track ([link](http://catalog.tamu.edu/undergraduate/education-human-development/health-kinesiology/kinesiology-bs-dance-science-track))
- Bachelor of Science in Kinesiology, Exercise Science Track, Applied Exercise Physiology Concentration ([link](http://catalog.tamu.edu/undergraduate/education-human-development/health-kinesiology/kinesiology-bs-exercise-science-applied-exercise-physiology-concentration))
- Bachelor of Science in Kinesiology, Exercise Science Track, Basic Exercise Physiology Concentration ([link](http://catalog.tamu.edu/undergraduate/education-human-development/health-kinesiology/kinesiology-bs-exercise-science-basic-exercise-physiology-concentration))

**Sports Management**

- Bachelor of Science in Sport Management, Internship Track ([link](http://catalog.tamu.edu/undergraduate/education-human-development/health-kinesiology/sport-management-bs-internship-track))
