TEXAS A&M UNIVERSITY AT GALVESTON

General Statement

Texas A&M University at Galveston, a branch campus of Texas A&M University, offers ocean-oriented academic degrees, research, continuing education, and public service in marine science, engineering, business, transportation and liberal arts. Degrees are awarded from Texas A&M University. Ocean voyages, sailing in Galveston Bay, beachfront experiments and independent study complement the rigorous classroom experience at Texas A&M University at Galveston. In addition to its academic programs, the campus houses the Texas A&M Maritime Academy, which offers training programs leading to officer licensing in the U.S. Merchant Marine.

Texas A&M University at Galveston is located near the mouth of Galveston Bay with close access to the Gulf of Mexico. Most instructional programs are taught at the 130-acre Mitchell Campus on Pelican Island (with housing for 1,400+ students). The training ship serves as a floating classroom, laboratory and dormitory for the annual summer training cruise of the U.S. Maritime Service cadets. During the regular school year, the ship is berthed at Pelican Island and provides valuable dockside laboratory facilities for instruction in the practical aspects of the maritime curricula.

Courses of Study

Texas A&M University at Galveston provides undergraduate degree programs in Marine Biology (MARB), Marine Sciences (MARS), Marine Engineering Technology (MARR), Marine Transportation (MART), Marine Fisheries (MARF), Maritime Administration (MARA), Maritime Studies (MAST), Ocean and Coastal Resources (OCRE), and University Studies (USGA) (with concentrations in Oceans and One Health, Marine Environmental Law and Policy, Maritime Public Policy and Communication, and Tourism and Coastal Community Development). A 5-year program is offered to allow OCRE majors to additionally complete the Master of Marine Resource Management (MARM) degree, combining their senior year of OCRE with the first year of MARM. A similar 5-year program is offered to allow MARA majors to complete the Master of Maritime Administration and Logistics (MMAL) degree program in a total of 5 years. A new minor in Clinical Lab Sciences is offered as a partnership program with the University of Texas Medical Branch in Galveston to facilitate a bridge between the BS in University Studies with a concentration in Oceans and One Health offered by TAMUG with the Masters in Clinical Lab Sciences offered by UTMB. All students complete the University Core Curriculum requirements set by Texas A&M University to ensure a broad-based education.

Texas A&M University at Galveston offers a M.S. (thesis or non-thesis) and Ph.D. in Marine Biology, both a thesis and non-thesis Master of Marine Resource Management degree and a thesis and non-thesis Master of Maritime Administration and Logistics degree. The Texas A&M Maritime Academy is headquartered on the Galveston campus.

Texas A&M University at Galveston is fully accredited as a branch campus of Texas A&M University by the “Southern Association of Colleges and Schools Commission on Colleges.” Marine Engineering Technology is accredited by the Engineering Technology Accreditation Commission of ABET and the license option programs of the Texas A&M Maritime Academy including all STCW requirements are certified by the U.S. Coast Guard.

U.S. Maritime Service Corps of Cadets

Texas A&M University at Galveston houses the Texas A&M Maritime Academy, which is one of six state maritime academies in the U.S. preparing graduates for licensing as officers in the American Merchant Marine. This program provides an opportunity for students to learn how to operate and maintain an ocean-going vessel. In addition to classroom and field training during the regular school year, students will sail aboard a training vessel during three summer cruises to gain practical experience in seamanship, navigation and operations. At the conclusion of the program, cadets are tested to become licensed as officers in the U.S. Merchant Marine and may seek employment in the exciting field of marine transportation as a licensed Third Mate or Third Assistant Engineer. Please see the tab title Texas A&M Maritime Academy.

The NROTC Program offers men and women an opportunity to qualify for a commission in the Navy while attending Texas A&M University at Galveston. All NROTC students are required to participate in the Texas A&M Maritime Academy Corps of Cadets. Any student may join the NROTC Program either as a National Scholarship winner or as a non-subsidized college program student. Applications for National Scholarships can be obtained through a Navy recruiting office before the submission deadline of January 30 of the year for which the student is applying.

Mission Statement

Texas A&M University at Galveston is a special-purpose institution of higher education for undergraduate and graduate instruction in marine and maritime studies in science, engineering and business and for research and public service related to the general field of marine resources. The institution is under the management and control of the Board of Regents of The Texas A&M University System, with degrees offered under the name and authority of Texas A&M University at College Station.

Research Programs

Faculty, post-doctoral fellows, research staff, and students are actively involved in research throughout the world. Research is conducted under the direction of more than 50 faculty members with funding from federal, state, private and university sources including the National Science Foundation, National Oceanic and Atmospheric Administration, National Aeronautics and Space Administration, Department of the Interior, National Institutes of Health, Department of Energy, Environmental Protection Agency, Texas General Land Office, Texas Commission on Environmental Quality, Texas Parks and Wildlife Department, CONACYT, Consortium for Ocean Leadership, Texas Institute of Oceanography and Research Development Fund. Externally funded research expenditures were over $4.1 million. Total research expenditures were over $5.6 million. Research encompasses both the basic and applied aspects of fields such as marine biology, oceanography, coastal/ocean engineering, marine geology, marine policy and management, environmental studies, conservation, business, admiralty law and coastal zone management. Research is focused largely in the areas of coastal and beach processes (e.g., physical profiling of coastal regions and erosion processes and control), marine life studies (e.g., marine mammal, fish, shellfish, algae and sea turtle biology and ecology), bay and estuary ecosystems (e.g., wetlands management and toxic contaminant analysis), geochemical cycling in marine/aquatic/atmospheric systems and offshore/deep water environments. There are over 130 students participating in
these programs. Many of the faculty researchers also have graduate appointments in TAMUG and/or TAMU departments. Approximately 40 M.S. and Ph.D. graduate students from the TAMU departments of Wildlife and Fisheries Sciences, Oceanography, Ecosystem Science and Management, Ocean/Civil Engineering, Biology and Anthropology are conducting their research under a Texas A&M University at Galveston faculty member. Undergraduate students have many opportunities to participate in research, such as the Texas Institute of Oceanography Undergraduate Student Research Program, working as student workers and technicians on funded research programs, taking independent study classes or participating in the Undergraduate Research Scholars Program. Undergraduate students may work in the laboratory and at field sites throughout the world, participate in research cruises, present results at local, national and international meetings, and serve as authors on publications

**Administrative Officers**

Col. Michael E. Fossum, USAFR (Ret.) - Chief Operations Officer, Texas A&M University at Galveston; Vice President, Texas A&M University

Dr. Patrick Louchouarn - Executive Associate Vice President for Academic Affairs and Chief Academic Officer, Texas A&M University at Galveston; Associate Provost, Texas A&M University

RADM Michael J. Rodriguez, USMS - Superintendent, Texas A&M Maritime Academy

Dr. Donna C. Lang - Associate Vice President for Academic Operations

Ms. Susan Hernandez Lee - Associate Vice President for Finance and Compliance Officer

Mr. Grant W. Shallenberger - Associate Vice President for Administration and Auxiliary Services

Dr. Antonietta S. Quigg - Associate Vice President for Research and Graduate Studies

Dr. Todd Sutherland - Assistant Vice President for Student Affairs

**Board of Visitors**

Robert A. Fry, Jr. (Chairman)
Wade Battles
Greg Binion
Christopher S. Cahill
Michael E. Cokinos
Thomas E. Farmer
G. Allen Flynt
William Fraser III
Pat Gamble
Billy Greer
Roger Guenther

**General Information**

**Majors**

**Department of Liberal Studies**

- Bachelor of Arts in Maritime Studies [http://catalog.tamu.edu/undergraduate/galveston/liberal-studies/maritime-studies-ba]
- Bachelor of Science in University Studies, Marine Environmental Law and Policy Concentration [http://catalog.tamu.edu/undergraduate/galveston/liberal-studies/marine-environmental-law-policy-university-studies-bs]
- Bachelor of Science in University Studies, Maritime Public Policy and Communication Concentration [http://catalog.tamu.edu/undergraduate/galveston/liberal-studies/maritime-public-policy-communication-university-studies-bs]
- Bachelor of Science in University Studies, Tourism and Coastal Community Development Concentration [http://catalog.tamu.edu/undergraduate/galveston/liberal-studies/tourism-coastal-community-development-university-studies-bs]

**Department of Marine Biology**

- Bachelor of Science in Marine Biology [http://catalog.tamu.edu/undergraduate/galveston/marine-biology-bs]
- Bachelor of Science in Marine Biology, License Option [http://catalog.tamu.edu/undergraduate/galveston/marine-biology/marine-biology-bs-license-option]
- Bachelor of Science in Marine Fisheries [http://catalog.tamu.edu/undergraduate/galveston/marine-biology/marine-fisheries-bs]
Department of Marine Engineering Technology

- Bachelor of Science in Marine Engineering Technology (http://catalog.tamu.edu/undergraduate/galveston/marine-engineering-technology/bs)
- Bachelor of Science in Marine Engineering Technology, License Option (http://catalog.tamu.edu/undergraduate/galveston/marine-engineering-technology/bs-code/license-option)
- Bachelor of Science in Marine Engineering Technology and Master of Maritime Administration and Logistics, 5-Year Degree Program (http://catalog.tamu.edu/undergraduate/galveston/marine-engineering-technology/bs-code/license-maritime-administration-logistics)

Department of Marine Sciences

- Bachelor of Science in Marine Sciences (http://catalog.tamu.edu/undergraduate/galveston/marine-sciences/bs)
- Bachelor of Science in Marine Sciences, License Option (http://catalog.tamu.edu/undergraduate/galveston/marine-sciences/bs-code/license-option)
- Bachelor of Science in Ocean and Coastal Resources (http://catalog.tamu.edu/undergraduate/galveston/marine-sciences/ocean-coastal-resources/bs)
- Bachelor of Science in Ocean and Coastal Resources and Master of Marine Resources Management, 5-Year Degree Program (http://catalog.tamu.edu/undergraduate/galveston/marine-sciences/ocean-coastal-resources/bs-code/license-marine-resources-management)
- Bachelor of Science in University Studies, Oceans and One Health Concentration (http://catalog.tamu.edu/undergraduate/galveston/liberal-studies/oceans-one-health/university-studies/bs)

Department of Maritime Administration

- Bachelor of Science in Maritime Administration (http://catalog.tamu.edu/undergraduate/galveston/maritime-administration/bs)
- Bachelor of Science in Maritime Administration and Master of Maritime Administration and Logistics, 5-Year Degree Program (http://catalog.tamu.edu/undergraduate/galveston/maritime-administration/bs-code/license-maritime-administration-logistics)

Department of Maritime Transportation

- Bachelor of Science in Marine Transportation (http://catalog.tamu.edu/undergraduate/galveston/maritime-transportation/bs)

Minors

- Clinical Laboratory Sciences Minor (http://catalog.tamu.edu/undergraduate/galveston/marine-sciences/clinical-laboratory-sciences/bs)
- Diving Technology and Methods Minor (http://catalog.tamu.edu/undergraduate/galveston/liberal-studies/diving-technology-methods/bs)
