Academic Advising

- Academic advising is a collaboration between a student and an academic advisor. Through teaching and learning experiences, the student sets goals, acquires information and services, and makes decisions consistent with interests, goals, abilities and degree requirements.
- Academic advising at Texas A&M University is an important component of student learning, contributing to the success of all students through:
  - Supporting student achievement of the University Learning Outcomes and commitment to learning for a lifetime
  - Being responsible to and respectful of the individual student
  - Encouraging commitment to lifetime learning by directing students toward opportunities to interpret, reflect upon, and apply their classroom experiences in ways relevant to their careers and their lives
  - Interpreting and conveying Texas A&M University’s mission to students
  - Supporting the educational policies, procedures and values of the department, college and university, likewise, academic advising relies on the support and resources of the university, college and department
  - Involving other university programs, services and individuals, when appropriate in the advising process
  - Being responsible for professional academic advising, training, development and practices
