UNIVERSITY STUDIES PROGRAMS

The College of Geosciences offers degrees in University Studies. A University Studies degree differs from a traditional “major” in that it consists of a concentration of 26 hours and two minors of 15-18 hours each. The University Studies degree format was created to provide students the flexibility to combine areas of study that are of special interest.

Majors

• Bachelor of Science in University Studies, Geographic Information Science and Technology Concentration (http://catalog.tamu.edu/undergraduate/geosciences/geography/geographic-information-science-technology-university-studies-bs)

• Bachelor of Science in University Studies, Geography Concentration (http://catalog.tamu.edu/undergraduate/geosciences/geography/university-studies-bs)
