GRADING SYSTEM

Because students attend a college or university to extend their education, grades are usually given as an indication of the proficiency of their endeavors. The student’s semester grade in a course shall be based upon performance and/or participation in class, exercises and tests, laboratory work and final examination as applicable to the course. The proportionate weight assigned to each of the factors shall be determined by the department administering the course.

The basis upon which the final grade will be determined shall be distributed in written form to the class during the first class meeting.

There are five passing grades at the undergraduate level, A, B, C, D and S, representing varying degrees of achievement; these letters carry grade points and significance as follows:

What constitutes a more advanced course will be determined by the head of the department offering the course.

Credit for a course failed may be obtained only by registering for and repeating the course. The original grade will remain on the student’s permanent record, and both grades will be used in computing the GPA. An F or U previously earned is not removed once the course is passed. Credit for each repeated course may only be used once toward degree requirements.

A student repeating a course completed at Texas A&M University in which a grade of B or better has been earned will not receive grade points for the repeated course, unless the catalog states the course may be repeated for credit.

I and X Grades

A temporary grade of I (incomplete) at the end of a semester or summer term indicates that the student has completed the course with the exception of a major quiz, final examination or other work. The instructor shall give this grade only when the deficiency is due to an authorized absence or other cause beyond the control of the student. When an instructor reports an incomplete grade to the Office of the Registrar, he or she will fill out an “Incomplete Grade Report,” which is filed with the head of the department in which the course is taught. Copies are sent to the student and to the student’s academic dean. This report includes:

1. a statement of the instructor’s reason for awarding the incomplete grade and
2. a statement concerning the remaining work to be completed.

The remaining work must be completed before the last day of scheduled classes of the next fall or spring semester in which the student enrolls in the University unless the student’s academic dean, with the consent of the instructor (in the absence of the instructor, the department head), grants an extension of time for good reason. If the incomplete work is not completed within this time or if the student registers for the same course again, the I will be changed to an F by the Office of the Registrar.

The X notation is assigned to a course by the Office of the Registrar at the end of a semester or summer term only when a grade is not submitted by the instructor. The Office of the Registrar will notify the dean of the college in which the course is taught that an X notation has been made. The dean of the college offering the course will request, through the department head, that the instructor submit a Grade Change Request online in Howdy, removing the X notation and assigning a grade. The instructor will have 30 days from the beginning of the succeeding semester or summer term to report a change of grade to the Office of the Registrar. If a Grade Change Request is not received during this time period, the Office of the Registrar will automatically remove the X notation and assign a grade of F.

Q-Drop and Add and Drop

1. A student may enroll in a class during the first five class days of a fall or spring semester or during the first four class days of a summer term. A student requesting to add a course after these deadlines must have the approval of the student’s dean or designee and department.
2. A student may drop a course with no record during the first 12 class days of a fall or spring semester and during the first four class days of a summer term. Following this period, if approved by the dean of the college or his or her designee, a student may drop a course without penalty through the 60th class day of a fall or spring term.

Repetition of a Course to Improve Grade

Any undergraduate student who wishes to repeat a course must do so before he or she completes a more advanced course in the same subject.
semester, the 15th class day of a summer term or the 35th class
day of a 10-week summer semester. The symbol Q shall be given to
indicate a drop without penalty.
Under section 51.907 of the Texas Education Code, “an institution
of higher education may not permit a student to drop more than six
courses, including any course a transfer student has dropped at
another institution of higher education.” Any course that a student
drops is counted toward the six-course limit if “(1) the student
was able to drop the course without receiving a grade or incurring
an academic penalty; (2) the student’s transcript indicates or will
indicate that the student was enrolled in the course; and (3) the
student is not dropping the course in order to withdraw from the
institution.” Some exemptions for good cause could allow a student
to drop a course without having it counted toward this limit, but it is
the responsibility of the student to establish that good cause.
Undergraduate students at Texas A&M University will normally be
permitted four Q-drops during their undergraduate studies. However,
in order to comply with this statute a student who has dropped
courses at other Texas public institutions may not be permitted
four Q-drops if the student’s total number of dropped courses would
exceed the State limit of six.
3. Any course taught on a shortened format or between regularly
scheduled terms will have add/drop, Q-drop and withdrawal dates
proportionally the same as if the course were offered in a regular
term. These dates will be determined by the Office of the Registrar.
4. After the Q-drop period has elapsed, a course may be dropped and
a grade of W recorded if the student’s dean determines that unusual
circumstances exist to warrant a late drop.

Satisfactory/Unsatisfactory

Undergraduate students may be permitted to take courses in their degree
programs at Texas A&M University on a satisfactory/unsatisfactory (S/
U) basis consistent with the requirements of the student’s college. The
hours for which a student receives a grade of satisfactory shall not be
included in the computation of the student’s semester or cumulative
GPA; a grade of unsatisfactory shall be included in the computation
of the student’s grade points per credit hour as an F. A grade of
satisfactory (S) will be given only for grades of C and above; a grade of
unsatisfactory (U) will be given for grades D and F. The hours earned on a
satisfactory/unsatisfactory basis shall not be included in the designation
of distinguished student or dean’s honor roll.

Students on probationary standing may be required to take electives on
an S/U basis as determined by published college policies.

Students must register for courses on an S/U basis during the official
registration periods and shall not be permitted to change the basis on
which their grades will be recorded on their official transcripts, except for
unusual circumstances and with the approval of the student’s academic
dean.

Students registered for KINE 198 or KINE 199 who wish to change the
grade type from a graded course to S/U or from S/U to a graded course,
may do so in Howdy. All requests for KINE 198 and KINE 199 changes
must be completed on or before the Q-drop deadline for the fall, spring or
summer semester.

Semester Credit Hour

A lecture course which meets one hour per week for 15 weeks is worth
1 semester credit hour. Thus, a course worth 3 semester credit hours,
be paid in advance, will be charged for each copy. During grading and
degree posting, official transcripts may be produced for enrolled students
only if all courses for that semester or term are shown as in progress
(IP) or have all final grades posted. Students and former students may
submit a Transcript Request Order form in person, by mail, by fax or by
completing the transcript request form in the Howdy portal. Transcript
requests will not be accepted over the phone. A faxed request must be
paid using a credit card from a United States bank. A transcript request
ordered through the Howdy portal must be paid either by electronic check
(ECH) or by credit card from a United States bank. Requests made in
person or by mail may only be paid with check, money order or a credit
card.
