The Department of Agricultural Economics engages people in the use of economic analysis for making decisions involving agribusiness (including food and fiber production, supplying inputs, processing products and marketing), natural resources and communities. Students are taught to develop their leadership, analytical and communication skills. Disciplinary research and graduate education enhance the use of economic principles and research methods in solving economic problems facing society. Applied research programs emphasize the analysis of business and public policy issues.

In planning a student's program, the need for broad training, rather than narrow specialization, is recognized. Students (regardless of their primary interests) are encouraged to take not only advanced courses covering various fields within the department but also essential supporting courses in other departments. Students are expected to acquire a knowledge of economic theory, its application to contemporary agricultural production, agribusiness and resource problems, and the ability to employ analytical techniques in making policy and business decisions.

The teaching and research activities are grouped broadly as follows: agribusiness management and finance, production economics, markets and trade, policy analysis, and resource economics. The present and expanding program of research in the department affords the student a wide choice and capable guidance in thesis or dissertation research.

Master of Science (MS) and Master of Agribusiness (MAB) degrees are offered. MS students (https://catalog.tamu.edu/graduate/colleges-schools-interdisciplinary/agriculture-life-sciences/agricultural-economics/ms/) may choose between the thesis option (recommended for those students who plan to go on for further graduate studies) and the non-thesis option. Students who choose the MS non-thesis option take a greater number of courses. The Master of Agribusiness degree (https://catalog.tamu.edu/graduate/colleges-schools-interdisciplinary/agriculture-life-sciences/agricultural-economics/mab/) program is non-thesis, interdisciplinary and jointly administered by the College of Agriculture and Life Sciences and the Mays Business School. This professional curriculum is designed to provide a broad preparation for economic, financial and marketing analysis of agribusiness, food and fiber industry decisions.

The PhD program (https://catalog.tamu.edu/graduate/colleges-schools-interdisciplinary/agriculture-life-sciences/agricultural-economics/phd/) concentrates on the theory, quantitative tools and methodology required of the professional applied economist. Field areas offered within the PhD program include: Markets and Information Economics, Resource and Environmental Economics and Policy and Trade. A PhD in Agribusiness and Managerial Economics (https://catalog.tamu.edu/graduate/colleges-schools-interdisciplinary/agribusiness-managerial-economics/phd/) is also offered by the Intercollegiate Faculty of Agribusiness. No foreign language is required for students pursuing any of our PhD programs. For more information about program requirements and employment opportunities, contact the department's graduate office.

**Faculty**

Baffoe-Bonnie, Anthony, Assistant Professor  
Agricultural Economics  
PHD, University of Georgia, 2018

Boadu, Frederick O, Professor  
Agricultural Economics  
JD, Georgia State University, 1988  
PHD, University of Kentucky, 1981

Bryant, Henry, Research Professor  
Agricultural Economics  
PHD, Texas A&M University, 2003

Feldman, Paul, Assistant Professor  
Agricultural Economics  
PHD, University of California - San Diego, 2019

Garcia, Lucas, Instructional Assistant Professor  
Agricultural Economics  
PHD, Walden University, 2019

Ishdorj, Ariun, Associate Professor  
Agricultural Economics  
PHD, Iowa State University, 2008

Leatham, David J, Professor  
Agricultural Economics  
PHD, Perdue University, 1983

Liu, Yong, Assistant Professor  
Agricultural Economics  
PHD, University of Guelph, 2019

McCarl, Bruce A, University Distinguished Professor and Regents Professor  
Agricultural Economics  
PHD, The Pennsylvania State University, 1973

Menzies III, Max D, Instructional Assistant Professor  
Agricultural Economics  
PHD, Texas A&M University, 2017

Mjelde, James W, Professor  
Agricultural Economics  
PHD, University of Illinois at Urbana-Champaign, 1985

Ng, Desmond W, Associate Professor  
Agricultural Economics  
PHD, University of Illinois at Urbana-Champaign, 2001

Nguyen, Ly, Instructional Assistant Professor  
Agricultural Economics  
PHD, Auburn University, 2016

Palma, Marco, Professor  
Agricultural Economics  
PHD, University of Florida, 2005

Park, John, Professor  
Agricultural Economics  
PHD, Texas A&M University, 1996
Price, Edwin C, Senior Professor
Agricultural Economics
PHD, University of Kentucky, 1973

Rister, M E, Professor
Agricultural Economics
PHD, Michigan State University, 1981

Rouhi Rad, Mani, Assistant Professor
Agricultural Economics
PHD, University of Illinois, 2017

Salin, Victoria S, Professor
Agricultural Economics
PHD, Purdue University, 1996

Senarath Dharmasena, Kalu A, Instructional Associate Professor
Agricultural Economics
PHD, Texas A&M University, 2010

Springfield III, Henry C, Professor of the Practice
Agricultural Economics
PHD, Texas A&M University, 2008

Thomas, Chrystol, Instructional Assistant Professor
Agricultural Economics
PHD, Texas A&M University, College Station, 2022
PHD, Texas A&M University, 2022

Vedenov, Dmitry, Associate Professor
Agricultural Economics
PHD, Ohio State University, 2001

Williams, Gary W, Professor
Agricultural Economics
PHD, Purdue University, 1981

Woodward, Richard T, Professor
Agricultural Economics
PHD, University of Wisconsin, 1997

Wu, Ximing, Professor
Agricultural Economics
PHD, University of California at Berkeley, 2003

Zapata Raudale, Samuel, Associate Professor
Agricultural Economics
PHD, Clemson University, 2012

Zhang, Yu, Associate Professor
Agricultural Economics
PHD, Texas A&M University, 2010

Masters

• Master of Agriculture in Agricultural Economics (http://catalog.tamu.edu/graduate/colleges-schools-interdisciplinary/agriculture-life-sciences/agricultural-economics/agriculture-masters/)

• Master of Science in Agricultural Economics (http://catalog.tamu.edu/graduate/colleges-schools-interdisciplinary/agriculture-life-sciences/agricultural-economics/ms/)

Doctoral

• Doctor of Philosophy in Agricultural Economics (http://catalog.tamu.edu/graduate/colleges-schools-interdisciplinary/agriculture-life-sciences/agricultural-economics/phd/)
