Detailed information about the Master of Science in Animal Breeding program, including additional requirements such as Residence, Continuous Registration, Time Limit, Foreign Languages, and Application for Degree. Residence requires completing 9 resident credit hours during one regular semester or one 10-week summer semester in resident study at Texas A&M University. Continuous Registration applies to students in the thesis option who have completed all coursework except Research. The Time Limit restricts degree completion to a seven-year period. No specific language requirement exists for Foreign Languages. For Application for Degree, students should visit the Graduation section for more information.
