

MASTER OF LAND AND PROPERTY DEVELOPMENT AND MASTER OF SCIENCE IN CONSTRUCTION MANAGEMENT COMBINED DEGREE PROGRAM

Additional Requirements

Master of Land and Property Development in Land and Property Development (p. 1)

Master of Science in Construction Management (p. 1)

Master of Land and Property Development in Land and Property Development

Additional Requirements

- Residence (p. 1)
- Continuous Registration (p. 1)
- Time Limit (p. 1)
- Foreign Languages (p. 1)
- Internship or Practicum (p. 1)
- Application for Degree (p. 1)

Residence

A student must complete 12 credit hours in resident study at Texas A&M University to satisfy the residence requirement for the thesis option Master of Land and Property Development. There is no residence requirement for the non-thesis Master of Land and Property Development; however, attention is directed to the rules regarding Limitations on the Use of Transfer, Extension and Certain Other Courses.

Students who are employed full-time while completing their degree may fulfill total residence requirements by completion of less-than-full time course loads each semester. In order to be considered for this, the student is required to submit a Petition for Waivers and Exceptions along with verification of his/her employment to the Graduate and Professional School.

See Residence Requirements (<http://catalog.tamu.edu/graduate/academic-expectations-general-degree-requirements/#degreerequirementstext>).

Continuous Registration

A student in the thesis option of the Master of Land and Property Development program who has completed all coursework on his/her degree plan other than 691 (Research) is required to be in continuous registration until all requirements for the degree have been completed. Non-thesis option students are not required to be registered once they have completed all of the degree plan coursework. See Continuous Registration Requirements (<http://catalog.tamu.edu/graduate/academic-expectations-general-degree-requirements/#registrationandacademicstatustext>).

Time Limit

All degree requirements must be completed within a period of seven consecutive years for the degree to be granted. A course will be considered valid until seven years after the end of the semester in which it is taken. Graduate credit for coursework which is more than seven calendar years old at the time of the final examination (oral or written) may not be used to satisfy degree requirements. A student who has chosen the thesis option must have the final corrected copies of the thesis cleared by the Graduate and Professional School no later than one year after the final examination, or approval of a petition for exemption from the final exam, or within the seven-year time limit, whichever occurs first. Failure to do so will result in the degree not being awarded.

Foreign Languages

A foreign language is not required for the Master of Land and Property Development degree.

Internship or Practicum

A student who undertakes a professional internship in partial fulfillment of master's degree requirements after completing all course requirements for the master's degree must return to the campus for the final examination. The final examination is not to be administered until all other requirements for the degree, including any internship, have been substantially completed.

Application for Degree

For information on applying for your degree, please visit the Graduation (<http://catalog.tamu.edu/graduate/academic-expectations-general-degree-requirements/#degreerequirementstext>) section.

Master of Science in Construction Management

Additional Requirements

- Residence (p. 1)
- Continuous Registration (p. 1)
- Time Limit (p. 1)
- Foreign Languages (p. 1)
- Application for Degree (p. 1)

Residence

In partial fulfillment of the residence requirement for the degree of Master of Science, the student must complete 9 resident credit hours during one regular semester or one 10-week summer semester in resident study at Texas A&M University. Upon recommendation of the student's advisory committee, department head or Chair of the Interdisciplinary Program, if appropriate, and with approval of the Graduate and Professional School, a student may be granted exemption from this requirement. Such a petition, however, must be approved prior to the student's registration for the final 9 credit hours of required coursework.

Students who are employed full-time while completing their degree may fulfill total residence requirements by completion of less-than-full time course loads each semester. In order to be considered for this, the student is required to submit a Petition for Waivers and Exceptions along with verification of his/her employment to the Graduate and Professional School.

See Residence Requirements (<http://catalog.tamu.edu/graduate/academic-expectations-general-degree-requirements/#degree requirementstext>).

Continuous Registration

A student in the Master of Science program who has completed all coursework on his/her degree plan other than 691 (research) is required to be in continuous registration until all requirements for the degree have been completed. See Continuous Registration Requirements (<http://catalog.tamu.edu/graduate/academic-expectations-general-degree-requirements/#registrationandacademicstatustext>).

Time Limit

All degree requirements must be completed within a period of seven consecutive years for the degree to be granted. A course will be considered valid until seven years after the end of the semester in which it is taken. Graduate credit for coursework which is more than seven calendar years old at the time of the final examination (oral or written) may not be used to satisfy degree requirements.

A student who has chosen the thesis option must have the final corrected version of the thesis cleared by the Graduate and Professional School no later than one year after the final examination, or approval of a petition for exemption from the final exam, or within the seven-year time limit, whichever occurs first. Failure to do so will result in the degree not being awarded.

Foreign Languages

No specific language requirement exists for the Master of Science degree.
