The Department of Landscape Architecture and Urban Planning (LAUP) in the School of Architecture offers degrees in three distinct but related disciplines that take students all the way from working with community residents to envision their future to literally laying the groundwork for new and improved human environments. It is the only department of its kind in the nation—no place else offers this unique combination of disciplines.

PLAN. Urban planning is “the application of foresight to action,” according to former American Planning Association President Stuart Meck. Planners work with residents and stakeholders as facilitators and guides to identify a desired future. Planners apply analytical skills to assess current social, economic, and environmental conditions and identify needed changes to help a community move toward this future. They create tools—policies, programs, or projects—that allow the community to realize its plans. Planners must be excellent communicators, problem solvers, and spatial thinkers.

DESIGN. Landscape architecture is the profession that applies artistic and scientific principles to the research, planning, design and management of both natural and built environments. Landscape architects assess the characteristics of the built and natural environment to design physical solutions that address both existing problems and future needs. As designers, landscape architects seek solutions that are both functional AND beautiful. They must understand both the natural and social ecology of the place. Landscape architecture blends both engineering and creativity to design places that enhance beauty and function and mitigate vulnerabilities and challenges.

DEVELOP. Land developers create building sites and/or the leased or owned space for those sites. They negotiate between cities, business owners, investors, and financiers to meet the demand for new structures and activities within a community. Developers must assess location, suitability, and market for particular parcels within a community to determine the appropriate use and cost for new residential, retail, commercial, or industrial development.

Undergraduate degrees include the Bachelor of Landscape Architecture and the BS in Urban and Regional Planning. Professional degrees include the Master of Landscape Architecture, the Master of Urban Planning, and the Master in Land and Property Development. The department also offers a doctorate in Urban and Regional Science. Combined degrees and articulated degrees (Bachelor + Masters) are available.

Faculty

Brown, Robert D, Professor
Land Arch & Urban Planning
PHD, University of Guelph, 1985
MLA, University of Guelph, 1982

Cooper Jr, John T, Associate Professor of the Practice
Land Arch & Urban Planning
PHD, University of North Carolina at Chapel Hill, 2004

Davis, Deidra, Instructional Assistant Professor
Land Arch & Urban Planning
PHD, Southern Illinois University, 2017

Dvorak, Bruce D, Associate Professor
Land Arch & Urban Planning
MLA, University of Illinois at Urbana-Champaign, 1994

Early, Timothy, Associate Professor of the Practice
Land Arch & Urban Planning
MS, Texas A&M University, 1991

Giusti, Cecilia Hundskopf, Associate Professor
Land Arch & Urban Planning
PHD, The University of Texas at Austin, 2001

Goddard, Tara B, Assistant Professor
Land Arch & Urban Planning
PHD, Portland State University, 2017

Golbabai, Justin, Associate Professor of the Practice
Land Arch & Urban Planning
BA, University of Notre Dame, 2004

Huang, Chang S, Associate Professor
Land Arch & Urban Planning
PHD, University of Pennsylvania, 1995

Hurst, Kenneth R, Assistant Professor of the Practice
Land Arch & Urban Planning
PHD, Texas A&M University, 2016
MLA, University of Oklahoma, 1988

Jourdan, Dawn E, Professor
Land Arch & Urban Planning
JD, University of Kansas, 2000

Lee, Chanam, Professor
Land Arch & Urban Planning
PHD, University of Washington, 2004

Lee, Ryun Jung, Lecturer
Land Arch & Urban Planning
PHD, Texas A&M University, 2018

Lee, Sungmin, Assistant Professor
Land Arch & Urban Planning
PHD, Texas A&M University, 2018
MLA, Seoul National University, 2009

Li, Dongying, Assistant Professor
Land Arch & Urban Planning
PHD, University of Illinois - Champaign, 2016

Li, Wei, Associate Professor
Land Arch & Urban Planning
PHD, University of California at Irvine, 2011
Masters

- Master of Architecture and Master of Urban Planning Combined Degree Program (http://catalog.tamu.edu/graduate/colleges-schools-interdisciplinary/architecture/architecture/combined-mar-mup/)
- Master of Land and Property Development in Land and Property Development (http://catalog.tamu.edu/graduate/colleges-schools-interdisciplinary/architecture/landscape-architecture-urban-planning/land-property-development-masters/)
- Master of Land and Property Development and Master of Architecture Combined Degree Program (http://catalog.tamu.edu/graduate/colleges-schools-interdisciplinary/architecture/landscape-architecture-urban-planning/combined-mlp-mar/)
- Master of Land and Property Development and Master of Real Estate Combined Degree Program (http://catalog.tamu.edu/graduate/colleges-schools-interdisciplinary/architecture/landscape-architecture-urban-planning/combined-mlp-mre/)
- Master of Land and Property Development and Master of Science in Construction Management Combined Degree Program (http://catalog.tamu.edu/graduate/colleges-schools-interdisciplinary/architecture/landscape-architecture-urban-planning/combined-mlp-ms-comg/)
- Master of Land and Property Development and Master of Urban Planning Combined Degree Program (http://catalog.tamu.edu/graduate/colleges-schools-interdisciplinary/architecture/landscape-architecture-urban-planning/combined-mlp-mup/)
- Master of Landscape Architecture in Landscape Architecture (http://catalog.tamu.edu/graduate/colleges-schools-interdisciplinary/architecture/landscape-architecture-urban-planning/mla/)
- Master of Urban Planning in Urban and Regional Planning (http://catalog.tamu.edu/graduate/colleges-schools-interdisciplinary/architecture/landscape-architecture-urban-planning/ms-urban-planning/)

Doctoral

- Doctor of Philosophy in Urban and Regional Science (http://catalog.tamu.edu/graduate/colleges-schools-interdisciplinary/architecture/landscape-architecture-urban-planning/urban-regional-science-phd/)
Certificates

- Community Development Certificate (http://catalog.tamu.edu/graduate/colleges-schools-interdisciplinary/architecture/landscape-architecture-urban-planning/community-development-certificate/)
- Sustainable Urbanism Certificate (http://catalog.tamu.edu/graduate/colleges-schools-interdisciplinary/architecture/landscape-architecture-urban-planning/sustainable-urbanism-certificate/)
