Additional Requirements

- Residence (p. 1)
- Time Limit (p. 1)
- Foreign Languages (p. 1)
- Internship or Practicum (p. 1)
- Application for Degree (p. 1)

Residence

A student must complete 12 credit hours in resident study at Texas A&M University to satisfy the residence requirement for the Master of Landscape Architecture degree.

Students who are employed full-time while completing their degree may fulfill total residence requirements by completion of less-than-full time course loads each semester. In order to be considered for this, the student is required to submit a Petition for Waivers and Exceptions along with verification of his/her employment to the Graduate and Professional School.

See Residence Requirements (<http://catalog.tamu.edu/graduate/academic-expectations-general-degree-requirements/#degreerequirementstext>).

Time Limit

All degree requirements must be completed within a period of seven consecutive years for the degree to be granted. A course will be considered valid until seven years after the end of the semester in which it is taken. Graduate credit for coursework which is more than seven calendar years old at the time of the final examination (oral or written) may not be used to satisfy degree requirements.

Foreign Languages

A foreign language is not required for the Master of Landscape Architecture degree.

Internship or Practicum

An internship is required as part of the Master of Landscape Architecture degree requirement in order for the student to graduate. The internship requirement may be met as a "full summer work internship" or a "Fall or Spring internship." Students who complete an internship during the fall or spring semester should register for LAND 684 credit. Internships completed during the summer are reported as "summer work" and students should report it to the Coordinator of the MLA program. The final examination is not to be administered until all requirements for the degree, including any internship, have been substantially completed.
