

MAYS EXECUTIVE MBA PROGRAM

The Executive MBA is designed to empower working professionals with significant professional and managerial experience with the insights and tools necessary to elevate their leadership skills to the next level.

Mays Business School offers an Executive MBA Program (EMBA) leading to the degree of Master of Business Administration (MBA). Only selected EMBA participants are eligible to enroll in the Mays Executive MBA Program courses.

The Mays Executive MBA Program is a lock-step program. All course enrollments are handled through the Mays Executive MBA Program Office. The Mays Executive MBA Program class sessions are held at CityCentre III in Houston, Texas. Required class sessions are held on Friday and Saturday of alternate weekends during the fall and spring semesters (with some weekends on Saturday only). Details regarding the Mays EMBA Program may be obtained by contacting the Mays EMBA Program Office or at the program website (<https://mays.tamu.edu/graduate/mba/executive-mba/>). The Mays EMBA Program is a non-thesis degree for which a final oral examination is not required. Admission to the program is only in the Fall semester. Mays Business School is accredited by the Association to Advance Collegiate Schools of Business (AACSB) at all program levels.

This program is approved to be offered at CityCentre in Houston, Texas, and is also approved for delivery via synchronous distance education technology.

GMAT/GRE and TOEFL Requirements

Mays Executive MBA Program students are exempt from the GMAT or GRE. Student's Advisory Committee

On-Campus and Distance Education Degree Programs

After receiving admission to graduate studies, students will consult with the graduate program concerning selection of a chair, which will be either the Director of the Mays Executive Master of Business Administration Program or the Assistant or Associate Dean for Graduate Programs within the Mays Business School.

Only members of the Graduate Committee Faculty located on Texas A&M University campuses may serve as chair of a student's advisory committee. Other members of the Graduate Committee Faculty – including those located off-campus or outside the university (if permitted

by program, department, and college/school policy) – may serve as a co-chair or member.

The Director, or the Assistant or Associate Dean, is responsible for advising the student on academic matters. The duties include responsibility for approving the student's proposed degree plan; research proposal (if applicable); thesis, dissertation, or record of study (if applicable); and conducting examinations (if required). The advisory committee members' approval of a degree plan indicates their willingness to accept the responsibility for guiding and directing the entire academic program of the student and for initiating all academic actions concerning the student. Additionally, in the case of academic deficiency, the advisory committee is responsible for initiating recommendations to the Graduate and Professional School.

If the chair of the student's advisory committee is unavailable for an extended period of time in any academic period during which the student is involved in activities relating to an internship, thesis or professional paper – and is registered for courses such as 684, 691, 692, or 693 – the Department Head or intercollegiate faculty Chair may appoint an alternate advisory committee chair during the interim period.

If the chair of a student's advisory committee is on an approved leave of absence – and the student is near completion of the degree and wants the chair to continue to serve in this role – a written request must be submitted to the Associate Provost and Dean of the Graduate and Professional School, by the Department Head or intercollegiate faculty Chair, that the faculty member who is on an approved leave of absence be allowed to continue to serve as chair of the advisory committee – without a co-chair – for up to one year. The request must confirm that the faculty member is able to engage in the required duties as chair during the leave of absence. Extensions beyond the one-year period (if necessary) may be granted with additional approval of the Associate Provost and Dean of the Graduate and Professional School.

If the chair of a student's advisory committee voluntarily separates from the university, and the student is nearing completion of the degree, the chair may continue to serve in this role – at the student's request – for up to one year. Two options are available:

- The chair may continue, with a co-chair, without additional approval by the Graduate and Professional School. The student must select a current member of the Graduate Committee Faculty – from the student's academic program and located near the Texas A&M University campus site – to serve as co-chair of the advisory committee.
- The chair may continue, without a co-chair, with approval by the Graduate and Professional School. A written request must be submitted to the Associate Provost and Dean of the Graduate and Professional School by the Department Head or intercollegiate faculty Chair to allow the faculty member to continue as chair, without a co-chair, of the advisory committee.

For both options, extensions beyond the one-year period (if necessary) may be granted with approval of the Associate Provost and Dean of the Graduate and Professional School.

Although individual advisory committee members may be replaced by petition for valid reasons, all members of a student committee cannot resign *en masse*.

Degree Plan

On-Campus and Distance Education Degree Programs

Students, in consultation with the MBA Office, will develop a proposed degree plan. The degree plan must be created, submitted, and approved through the Document Processing Submission System (<http://ogsdps.tamu.edu/>) (DPSS). The degree plan must be submitted prior to the deadline imposed by the student's college or school and approved by the Graduate and Professional School no later than the dates announced in the Graduate and Professional School calendar of deadlines for graduation. Students must select the appropriate program option when submitting a proposed degree plan.

Additional coursework may be added to the approved degree plan by petition through DPSS, if deemed necessary, to correct deficiencies in the student's academic preparation. It is recommended that a student who is planning to take additional courses after the completion of the Mays MBA core courses meet with the academic advisor in the Mays MBA Program Office.

Coursework included on the degree plan is subject to the requirements and restrictions detailed in the Credit Requirement and Limitations on Credits and Coursework sections in each degree program page.

Degree program time limits apply to courses listed on a degree plan. Details are available on the Time Limits section in each degree program page.
