

ENTREPRENEURSHIP - CERTIFICATE

A certificate in Entrepreneurship provides a base understanding of the following topics:

- new business planning
- development and growth of new ventures
- key issues encountered when developing commercial applications for new technical discoveries
- the general legal aspects of intellectual property protection
- the management of creativity and innovation in organizational settings

This certificate is open to any graduate student at Texas A&M University.

This program is also approved for delivery via asynchronous or synchronous distance education technology.
