The Department of Diagnostic Sciences is located in Dallas, Texas. It has two divisions: Oral and Maxillofacial Pathology and Oral and Maxillofacial Radiology, each with their own Program Director and program objectives.

Oral and Maxillofacial Pathology (https://dentistry.tamu.edu/departments/diagnostic/training-programs/oral-pathology.html) is responsible for the teaching of all general pathology and oral pathology curriculum to first professional dental, dental hygiene, and graduate students. They provide consultation and biopsy services (https://dentistry.tamu.edu/departments/diagnostic/pathology-service.html) to the School of Dentistry and the professional community. They offer a combined MS in Oral Biology and Certificate program in Oral and Maxillofacial Pathology.

Oral and Maxillofacial Radiology (https://dentistry.tamu.edu/departments/diagnostic/training-programs/oral-radiology.html) is responsible for all imaging services throughout the School of Dentistry. Additionally, imaging services are provided to patients referred by extramural dental providers through the Imaging Center. They offer a Certificate program in Oral and Maxillofacial Radiology.
