Admission to the Online Doctor of Education (EdD) degree program is once a year and requires an interview.

Spring Cohort Admission August 1

The Department of Teaching, Learning and Culture also offers a graduate-level post-baccalaureate certification program for individuals who have completed a bachelor’s degree and desire initial certification at the elementary, middle grade and secondary level. The certification program requires the completion of twenty-one (21) graduate semester credit hours and the successful completion of the appropriate state certification examinations. Program participants will serve a full public school year internship either in a salaried or non-salaried position. Participants may apply the graduate certification coursework toward the Master of Education (MEd) degree in Curriculum and Instruction. The admission deadlines for the post-baccalaureate certification program are as follows: October 1st for spring admission; December 1st for summer admission. The graduate certification program is an online program offered via distance education technology; however, there is a summer on-campus component.

The Department of Teaching, Learning and Culture also offers programs at the graduate level that lead to endorsements or certification as a Reading Specialist in the state of Texas. Online MEd students can also earn the STEM certificate. PhD students may seek an Advanced Research Methods Certificate within the School of Education and Human Development. Some PhD students seek additional advanced certificates in other colleges.

For additional information on the programs offered by the Department of Teaching, Learning and Culture, or for more information on the application process and admission deadlines, contact the Department of Teaching, Learning and Culture by telephone at (979) 862-8032, or visit the department on the website at http://tlac.tamu.edu.
