

FORENSIC HEALTHCARE - CERTIFICATE

The graduate Certificate in Forensic Healthcare (CERT-FOHC) prepares graduates to excel in this rapidly developing field by drawing from a broad body of academic knowledge in forensic health care to assist victims of violence and trauma. The Forensic Healthcare Certificate is available to licensed registered nurses, holding a bachelor's degree in nursing and an active, unencumbered RN License. No clinical hours are required for completion of the certificate.

This program is approved for delivery via asynchronous distance education technology.

Please reference the Program Requirements tab and the Forensic Healthcare Certificate website (<https://nursing.tamu.edu/degrees/forensic-certificate/>)#for more information specific to this program.
