

# HEALTH SYSTEMS MANAGEMENT - CERTIFICATE

---

The Health Systems Management Certificate is intended for students who are, or expect to be, working in a healthcare setting. This certificate focuses on public health and healthcare management knowledge, abilities, and skills needed for effective healthcare administration. Upon completion of the certificate, students will have a strong foundation of healthcare management and be prepared to work alongside healthcare managers and executives.

To learn more about the program and apply, go to Health Systems Management Certificate webpage (<https://sph.tamu.edu/degrees/hsm-cert.html>).

This program is also approved for delivery via asynchronous or synchronous distance education technology.
