

DEPARTMENT OF VETERINARY LARGE ANIMAL CLINICAL SCIENCES

<https://vlcs.tamu.edu> (<https://vlcs.tamu.edu/>)

Head: W. Bissett, Interim

Graduate Advisor: N. D. Cohen

The Department of Veterinary Large Animal Clinical Sciences (VLCS) has a strong commitment to scholarship and graduate education with an emphasis on research and training relevant to the health and welfare of livestock including horses, cattle, and other agricultural species. Faculty members participate in interdisciplinary programs of study such that it is possible to earn MS or PhD degrees in Genetics, Nutrition, Reproductive Sciences, and Toxicology through VLCS.

The established areas of study in VLCS include infectious diseases, reproduction, diagnostic imaging, and regenerative medicine. Admission to the graduate program must be obtained through the School of Veterinary Medicine and Biomedical Sciences office of graduate studies (<http://vetmed.tamu.edu/graduate> (<http://vetmed.tamu.edu/graduate/>)).

Prospective graduate students are encouraged to first identify a VLCS faculty member willing to accept them as a graduate student before applying. More information about faculty research interests, admission to graduate studies, and the department is available at <https://vlcs.tamu.edu> (<https://vlcs.tamu.edu/>).
