MARA 664 Production, Operations and Logistics Management
Credits 3. 3 Lecture Hours.
Production, Operations, and Logistics Management. Types of decisions to be made at varying levels and where appropriate; quantitative models and techniques that can be used in decision making areas of the firm; analysis of how the operations function fits in with other functional areas of the firm; interrelationships with firms’ strategies.
Prerequisite: Approval of instructor, graduate status or special approval.

MARA 670 Coastal and Inland Waterways Transportation
Credits 3. 3 Lecture Hours.
Policy, strategy and management, port and terminal development, competition with other modes of transportation, manpower, rates, environmental concerns, the impact of waterway systems on regional economies and national economic development; commercial aspects of the inland waterways with emphasis on operations, freight rate structures and applied cash flow methods.
Prerequisite: Approval of instructor, graduate status or special approval.

MARA 672 The Maritime Global Trading System
Credits 3. 3 Lecture Hours.
Introduction to the theory of international waterborne trade; provides a basis for examining American foreign trade policy, and regional and world trade institutions such as the WTO, ASEAN, the EU, GATT, and NAFTA. Topics include: International trade theory and policy, open-economy macroeconomic policy, tariffs, non-tariff barriers and enhancements, multinational enterprises and foreign direct investment, global competition and integration.
Prerequisite: Approval of instructor, graduate status or special approval.

MARA 673 International Maritime Industry Graduate Management Experience
Credits 1 to 4. 1 to 4 Lecture Hours.
Combines classroom and graduate research work with international travel and provides the student direct contact with maritime industry managers. The trip emphasizes cultural and historical aspects of the maritime industry outside of the United States providing a better understanding of differing management styles, business practices, and regulatory focus.
Prerequisite: Graduate status.

MARA 675 Leadership in the Maritime Industry
Credits 3. 3 Lecture Hours.
Focus on theory and real world practice of leadership; recognize components of leadership, management and labor; the basis of leadership authority, values and styles as applied to organizational vision, mission and life cycle; assess own leadership traits in preparation of entering work force.
Prerequisite: Graduate classification or approval of instructor.

MARA 684 Professional Internship
Credits 1 to 4. 1 to 4 Other Hours.
On the job training in the field of maritime administration and logistics.
Prerequisites: Graduate classification; approval of department head.

MARA 685 Directed Studies
Credits 1 to 6. 1 to 6 Lecture Hours.
Selected topics in an identified area of Maritime Administration and Logistics not covered in another course curriculum.
Prerequisite: Approval of instructor.

MARA 689 Special Topics in Maritime Administration
Credits 1 to 4. 1 to 4 Lecture Hours.
Selected topics in identified area of Maritime Administration.
Prerequisites: Graduate classification and instructor permission.

MARA 691
Credits 1 to 4. 1 to 4 Lecture Hours.
Research in Maritime Administration. For thesis or dissertation.
Prerequisite: Approval of instructor, graduate status or special approval.
