PBSI 603 Motivation and Cognitive Processes  
Credits 3.3 Lecture Hours.
Selected topics in areas of motivation and higher mental processes; 
symbolic processes in perceptual organization; learning and 
remembering, reasoning and creativity.  
Prerequisite: Graduate classification or approval of instructor.

PBSI 605/NRSC 606 Learning  
Credits 3.3 Lecture Hours.
Procedural and theoretical issues in study of basic learning mechanisms 
in animals and humans, including Pavlovian and instrumental 
conditioning. Application of this work to other domains and relevant 
biological mechanisms also discussed.  
Prerequisite: Graduate classification or approval of instructor.

PBSI 607 Experimental Psychology  
Credits 3.2 Lecture Hours. 3 Lab Hours.
Experimental methods; developing a general frame of reference for 
approaching experimental research problems.  
Prerequisite: Graduate classification or approval of instructor.

PBSI 608 Introduction to Clinical Ethics and Techniques  
Credits 3.3 Lecture Hours.
Ethical and legal issues in clinical practice; development of listening and 
text analysis; supervised practicum in interviewing non-clinical 
systems; structured role-play of clinical situations.  
Prerequisite: Graduate classification or approval of instructor.

PBSI 609/NRSC 609 Physiological Psychology  
Credits 3.2 Lecture Hours. 3 Lab Hours.
Current research and methodological procedures on physiological bases 
of sensation-perception, memory and learning, arousal-sleep-attention, 
emotions and motivation.  
Prerequisite: Graduate classification or approval of instructor.

PBSI 611 Personnel Psychology  
Credits 3.3 Lecture Hours.
Application of psychological principles and research methods to the 
areas of selection, placement, job analysis, performance appraisal and 
training.  
Prerequisites: PBSI 251 or PBSI 353 or graduate classification or 
approval of instructor.

PBSI 613 Practicum in Psychological Assessment  
Credits 1 to 4. 1 to 4 Other Hours.
Application of psychological assessment across the life-span; 
assessment of cognitive, intellectual, academic, and memory abilities 
and adaptive behavior; assessment of personality, behavioral style, 
and systems/environment; integration of assessment measures in 
comprehensive psychological evaluations; attendance required at 
Practicum Seminar designed to integrate research, coursework, and 
applied training and supervisory instruction from a faculty supervisor; at 
least 3 credits and no more than 18 credits applied to degree plan.  
Prerequisites: PBSI 623 and PBSI 624, or approval of instructor.

PBSI 614 Practicum in Psychology  
Credits 1 to 6. 1 to 6 Other Hours.
Practical on-the-job experience for graduate students. Activities will be 
guided by psychologists in the following areas: behavior modification, 
social, clinical, experimental and industrial. Supervision will be provided 
by members of University staff. May be taken more than once but not to 
exceed 18 hours of credit toward a graduate degree.  
Prerequisite: PBSI 608 or approval of instructor.

PBSI 615/NRSC 615 Perceptual Processes  
Credits 3.3 Lecture Hours.
Complex sensory and perceptual phenomena with emphasis on the 
relationship between perception and motivation, cognition, creativity 
and instinctive/ethological; learning/experiential factors in higher level 
perceptual processes.  
Prerequisite: Graduate classification or approval of instructor.

PBSI 616 Treatment of Problem Behavior in Children and Families  
Credits 3.3 Lecture Hours.
Current methods of treating families with children displaying aggressive, 
hyperactive, underachieving and other problem behaviors in natural 
settings; behavior of children and adolescents at home, school and at 
play.  
Prerequisite: Approval of instructor.

PBSI 617 Analytical Psychology  
Credits 3.3 Lecture Hours.
Survey emphasizing Jungian psychology but including coverage of 
Freudian psychology; application of analytical principles and concepts to 
a variety of clinical issues and situations.  
Prerequisite: Approval of instructor.

PBSI 618 Psychology of Persuasion  
Credits 3.3 Lecture Hours.
Theory and scientific evidence regarding strategies and tactics of 
persuasion; explores theoretical controversies and presents potential 
integrations.  
Prerequisite: Graduate classification or approval of instructor.

PBSI 620 Theories of Social Psychology  
Credits 3.3 Lecture Hours.
Current theories of social psychology and a review of related studies 
to these theories; theories of attitude change, prosocial behavior, 
aggression, equity, coalition formation, social learning and S-R theory 
applied to social behavior.  
Prerequisite: Graduate classification or approval of instructor.
PBSI 621 Seminar in Social Psychology  
Credits 3. 3 Other Hours.  
Attitudes and persuasion; small group interaction and performance;  
prosocial behavior; aggression; self concept; applied social problems;  
gender differences in social interaction; and social cognition. May be  
repeated up to three times for credit.  
Prerequisite: Approval of instructor.  

PBSI 622 Affective Science  
Credits 3. 3 Lecture Hours.  
Overview of theories and approaches in the interdisciplinary field of  
affective science; historical and contemporary approaches focused on  
emotional and affective processes.  
Prerequisite: Graduate classification or approval of instructor.  

PBSI 623 Psychological Assessment I  
Credits 3. 3 Lecture Hours.  
Principles of psychological testing; uses and critical evaluation of tests of  
achievement, intelligence, aptitude and personality.  
Prerequisites: Enrollment in Clinical Psychology Program or approval of  
instructor.  

PBSI 624 Psychological Assessment II  
Credits 3. 3 Lecture Hours.  
Theory and application of psychological assessment of children,  
adolescents, and adults; assessment of cognitive, intellectual, academic,  
and memory abilities and adaptive behavior; integration of assessment  
measures in comprehensive psychological evaluations.  
Prerequisite: Enrollment in Clinical Psychology Program or approval of  
instructor.  

PBSI 626 Psychopathology  
Credits 3. 3 Lecture Hours.  
Various symptom categories in psychopathology including differing  
theoretical conceptualizations of these symptom categories, and theories  
and research concerning etiology and treatment.  
Prerequisite: Enrollment in Clinical Psychology Program or approval of  
instructor.  

PBSI 627 Psychological Assessment of Children and Adolescents  
Credits 3. 3 Lecture Hours.  
Theory and application of psychological assessment of toddlers, children,  
adolescents, and adults; assessment of cognitive, intellectual, academic,  
and memory abilities and adaptive behavior; assessment of personality,  
behavioral style, family functioning, and child-focused systems;  
integration of assessment measures in comprehensive psychological  
evaluations.  
Prerequisites: PBSI 623 and PBSI 624, or approval of instructor.  

PBSI 630 Health Psychology and Behavioral Medicine  
Credits 3. 3 Lecture Hours.  
Theory, research and practice of health psychology emphasizing  
the prevention and modification of health compromising behaviors;  
psychological management of stress, pain and chronic/terminal illness;  
effective interventions for specific health behaviors/disorders.  
Prerequisite: Graduate classification or approval of instructor.  

PBSI 631 Academic Career Development in Psychological and Brain  
Sciences  
Credit 1. 1 Lecture Hour.  
Strategies and career planning for a research and teaching oriented  
academic track; focus on developing a multi-year plan for placement in a  
position to be maximally competitive for an academic job and preparation  
in how to assemble a strong application package.  
Prerequisite: Graduate classification or approval of instructor.  

PBSI 632 Clinical Psychology Graduate Program Seminar  
Credits 2. 2 Other Hours.  
Expose graduate students to neuroscience research, theory, and proposal  
development; research presentations by guest speakers, faculty, and  
graduate students; Discussions, readings and presentations on issues  
related to research design, statistics, methodology, ethics, IACUC, grant  
writing, presentation skills, job talks, and other relevant topics. May be  
taken four times for credit.  
Prerequisite: Graduate classification or approval of instructor.  

PBSI 633 Gender and Minority Issues in Clinical Psychology  
Credits 3. 3 Lecture Hours.  
Human behavior and mental health as a function of culture, gender and  
sexual orientation; discussion of absolutist, relativist and universalist  
perspectives in cross-cultural psychology; psychology of stereotype and  
predisposition; adjustment through acculturation and biculturalism; learning  
about our own and other cultures.  
Prerequisite: Graduate classification or approval of instructor.  

PBSI 634 Hypnosis  
Credits 3. 3 Lecture Hours.  
Theory and practice of the hypnosis.  
Prerequisite: Graduate classification or approval of instructor.  

PBSI 635 Behavioral and Clinical Research Seminar  
Credits 2. 2 Other Hours.  
Theory, research and techniques related to evidence-based behavioral  
and cognitive-behavioral approaches to clinical interventions; ethical,  
professional, multicultural and history/systems issues in therapeutic  
psychological interventions.  
Prerequisite: Enrollment in Clinical Psychology Graduate Program or  
approval of instructor.  

PBSI 636 Research Seminar: Psychological Assessment  
Credits 4. 3 Lecture Hours.  
Overview of theories and approaches in the interdisciplinary field of  
psychological assessment; historical and contemporary approaches focused on  
emotional and affective processes.  
Prerequisite: Graduate classification or approval of instructor.  

PBSI 637 Clinical Interventions I  
Credits 3. 3 Lecture Hours.  
Theory, research and techniques related to evidence-based interpersonal,  
psychodynamic, group therapy, and family therapy approaches to clinical  
interventions; ethical, professional, multicultural, and history/systems  
issues in therapeutic psychological interventions.  
Prerequisite: Enrollment in Clinical Psychology Graduate Program or  
approval of instructor.  

PBSI 639 Pediatric Psychology  
Credits 3. 3 Lecture Hours.  
Application of clinical/counseling/school psychology to children and  
adolescents with chronic illnesses or disabilities and their families;  
theoretical foundations and models for consultation, assessment and  
intervention strategies; unique ethical and professional issues associated  
with research and service delivery in child health psychology/pediatric  
behavioral medicine.  
Prerequisite: PBSI 685, EPSY 685, PBSI 691, or EPSY 691, or approval of  
instructor; graduate classification.  

PBSI 642/NRSC 642 Neuroimaging Data Analysis  
Credits 3. 3 Lecture Hours.  
Physics of magnetic resonance imaging; experimental design for fMRI;  
linear and nonlinear image registration; data denoising; data filtering and  
smoothing; volume and surface methods; General Linear Models and  
multivariate approaches to subject-level data; mixed effects modeling,  
random effects modeling, permutation methods for linear models;  
functional connectivity.  
Prerequisite: Graduate classification or approval of instructor;  
coursework in regression models recommended.  
Cross Listing: NRSC 642/PBSI 642.
PBSI 649/NRSC 649 Seminar in Behavioral Neuroscience
Credits 3. 3 Other Hours.
Behavioral neuroscience; including behavioral pharmacology, neuropharmacology, methods and techniques, drug reinforcement, behavioral toxicology, pain perception and ingestive behavior. May be repeated up to three times for credit.
Prerequisite: Graduate classification or approval of instructor.
Cross Listing: NRSC 649/PBSI 649.

PBSI 650/NRSC 650 Clinical Psychopharmacology
Credits 3. 3 Lecture Hours.
Survey of topics in clinical psychopharmacology, including pharmacodynamics, major neurotransmitter systems, and therapeutic applications and limitations.
Prerequisite: Graduate classification or approval of instructor.

PBSI 651/PBSI 651 Cultural Psychology
Credits 3. 3 Lecture Hours.
Surveys key readings in the field of cultural psychology; discussion and examination of relationship between psychological processes (e.g., motivation, memory, self perception, prejudice) and sociocultural contexts.
Prerequisite: Enrollment in a graduate program or approval of instructor.
Cross Listing: AFST 651/PBSI 651.

PBSI 652 Statistics and Research Methods in Industrial/Organizational Psychology I
Credits 3. 3 Lecture Hours.
The first of two courses in statistics and research methods; integrates research design, appropriate methodology, and advanced statistical techniques used by industrial/organizational psychologists (e.g., General Linear Model); current topics pertinent to the content domain draws heavily from the application of quantitative psychology literature to workplace problems; statistical software packages will be used to enhance conceptual understanding.
Prerequisite: Graduate classification or approval of instructor.

PBSI 653 Statistics and Research Methods in Industrial/Organizational Psychology II
Credits 3. 3 Lecture Hours.
The second of two courses in statistics and research methods; integrates research design, appropriate methodology, and advanced statistical techniques used by industrial/organizational psychologists (e.g., Generalized Linear Model, nonlinear regression); current topics pertinent to the content domain draws heavily from the application of quantitative psychology literature to workplace problems; statistical software packages will be used to enhance conceptual understanding.
Prerequisites: PBSI 652; graduate classification or approval of instructor.

PBSI 654 Psychometrics and Survey Design in Industrial/Organizational Psychology
Credits 3. 3 Lecture Hours.
Study of psychological measurement for testing and assessment purposes in I/O psychology; classical and modern test theories are introduced as well as their implications for test construction and survey design; emphasis on skill acquisition through developing, administering and scoring predictor or criterion tests and presenting results.
Prerequisites: PBSI 652; PBSI 653; graduate classification or approval of instructor.

PBSI 655/NRSC 655 Foundations in Cognitive Neuroscience
Credits 3. 3 Lecture Hours.
Experimental design in cognitive neuroscience; basics of cognitive neuroscience methods; perception versus imagery; attention; motor control; short-term and long-term memory; volition and consciousness; executive function; decision making; affect and psychopathology; social cognition.
Prerequisite: Graduate classification or approval of instructor.
Cross Listing: NRSC 655/NRSC 655.

PBSI 656 Advanced Selection
Credits 3. 3 Lecture Hours.
An in-depth analysis of psychological principles and employee selection methods with a focus on applied practice and current topics; emphasis on the application of evidence-based best practices to the selection process; importance of job and work analysis, testing and assessment, psychometrics, validation procedures, and measurement in light of ethical, legal, diversity and international issues.
Prerequisites: Graduate classification or approval of instructor.

PBSI 657 Training and Performance Management
Credits 3. 3 Lecture Hours.
A comprehensive review of theory, research, current topics and practice associated with training and performance management; training as an organizational subsystem is emphasized as the model for the design, implementation and evaluation of training programs; appraisal and management of work performance for various organizational purposes.
Prerequisites: Graduate classification or approval of instructor.

PBSI 658 Work Attitudes and Motivation
Credits 3. 3 Lecture Hours.
A critical analysis of major theories, current research and practical or current issues associated with employee attitudes and motivation in the workplace; topics include job satisfaction, organizational commitment, work engagement, stress, absenteeism, turnover, motivation, job design and quality of work, and work values; key methodological and measurement issues; application of social psychology literature to workplace problems.
Prerequisites: Graduate classification or approval of instructor.

PBSI 659 Groups, Teams and Leadership
Credits 3. 3 Lecture Hours.
An in-depth review of the factors leading to effective groups, teams and leadership in organizations; topics include strategies for building high performance teams and techniques for assessing, selecting and developing leaders; the course integrates theory, research and current topics with experiential learning; application of social psychology literature to workplace problems.
Prerequisites: Graduate classification or approval of instructor.

PBSI 660 Self and Identity
Credits 3. 3 Lecture Hours.
An overview of the historical and current issues related to the study of the self and identity.

PBSI 670 Professional Seminar in Social Psychology
Credits 2. 1 Lecture Hour. 2 Lab Hours.
Survey of recent theoretical, methodological and empirical developments in social psychology; different topics each semester will include theory and research on attitudes and persuasion, social cognition, interpersonal relationships, group processes, social development, and personality and social behavior. May be taken for credit up to eight times.
Prerequisite: Graduate classification or approval of instructor.
Prerequisite: Approval of instructor.

Cross Listing: NRSC 671/PBSI 671.

PBSI 673 Psychometric Theory and Methods
Credits 3. 3 Lecture Hours.
Overview of methods for the construction and evaluation of psychological measurements including unidimensional scales and multivariate analytical techniques; approaches include classical test theory, factor analysis, unidimensional scaling, latent trait theory, profile and discriminant analysis.
Prerequisites: PBSI 607 and PBSI 671/NRSC 671 or equivalents.

PBSI 674 Covariance Structure Models and Casual Analysis
Credits 3. 3 Lecture Hours.
Advanced introduction to structural equation models and causal analysis; emphasis on underlying theory and assumptions as well as practical application for the behavioral sciences.
Prerequisites: PBSI 671/NRSC 671 or STAT 608 or approval of the instructor.

PBSI 675 Clinical Psychology and the Legal System
Credits 3. 3 Lecture Hours.
Survey of theoretical and applied topics relevant to clinical psychology in the legal system; includes assessment of adjudicative competence; criminal responsibility and risk assessment; correctional psychology and offender rehabilitation.
Prerequisite: Approval of instructor.

PBSI 678/CPSY 678 Couples Therapy
Credits 3. 3 Lecture Hours.
Theory and practice of marital therapy emphasizing systems and communication approaches; effective strategies and techniques; therapy with specific marital problems and obstacles to effective therapy.
Prerequisite: PBSI 637, CPSY 631, or equivalent.
Cross Listing: CPSY 678/PBSI 678.

PBSI 680 Seminar in Organizational Psychology
Credits 3. 3 Other Hours.
Areas of organizational psychology; job stress, socialization processes, motivation, leadership, person perception in organizations, conflict management. May be repeated up to five times for credit; content will vary by semester.
Prerequisite: PBSI 610 or approval of instructor.

PBSI 681 Industrial/Organizational Psychology
Credits 1 to 3. 1 to 3 Other Hours.
Both research and applied colloquia provided by I/O psychologists and individuals in related disciplines.
Prerequisite: Graduate classification or approval of instructor.

PBSI 682 Seminar in Personnel Selection and Placement
Credits 3. 3 Other Hours.
Personnel selection and placement including job analysis and evaluation, psychological testing, test development, psychometric theory, theories of test fairness, validity generalization, utility theory, performance appraisal and selection/placement decision models. May be repeated up to five times for credit; content will vary by semester.
Prerequisite: PBSI 611 or approval of instructor.

PBSI 683 Professional Seminar
Credits 1 to 3. 1 to 3 Other Hours.
Guidance in searching for and securing internships and jobs upon graduation; review of internship requirements and expectations; professional development sessions and preparation of application materials; assistance in the transition from student to professional, e.g., professional identity, affiliation and networks. May be taken for credit up to three hours.
Prerequisites: Graduate classification or approval of instructor.

PBSI 684 Professional Internship
Credits 0 to 12. 0 to 12 Other Hours.
Full-time internship experience in a departmentally-approved internship training facility. May be taken up to 12 hours for credit.
Prerequisite: Approval of instructor.

PBSI 685 Directed Studies
Credits 1 to 4. 1 to 4 Other Hours.
Directed individual study of selected problem in psychology or special topics to fit small group requirements.
Prerequisite: Approval of instructor.

PBSI 689 Special Topics in...
Credits 1 to 4. 1 to 4 Other Hours.
Selected topics in an identified area of psychology. May be repeated for credit.
Prerequisite: Graduate classification or approval of instructor.

PBSI 690 Cognoscenti - Professional Issues in Cognitive Psychology
Credits 2. 2 Lecture Hours.
Introduce students to current themes in research, theory and practice in cognitive psychology; presentations by guest speakers from within and outside the University.
Prerequisite: Graduate classification or approval of instructor.

PBSI 691 Research
Credits 1 to 23. 1 to 23 Other Hours.
Research for thesis.

PBSI 695 Manuscript Development and Publication of Academic Research in Psychological and Brain Sciences
Credits 3. 3 Lecture Hours.
Development of research writing and instruction on the process of publishing in scientific, peer-reviewed scientific academic journals and books; exploration of the many different aspects of publishing research; review of the mechanics of the process ranging from choosing topics, writing the paper, the submission process, the review process, dealing with rejection, responding to requests for revision and resubmission and acceptance and publication; discussion of the benefits of publishing and how publishing factors into career considerations and aspirations.
Prerequisite: Graduate classification.

PBSI 696 Principles and Methods for Teaching in Psychology
Credits 3. 3 Lecture Hours.
Practical issues related to college teaching; reflection on and improvement of teaching skills; developing course objectives and teaching philosophies; improving teaching tools; understanding teaching-learning situations; advising students; ethics in teaching.
Prerequisite: Graduate classification or approval of instructor.

PBSI 697 Seminar in the Teaching of Introductory Psychology
Credits 3. 3 Lecture Hours.
Introductory methods relevant to teaching psychology; for graduate students assisting in the teaching of PSYC 107.
Prerequisite: Graduate classification or approval of instructor.
