

SPSY - SCHOOL PSYCHOLOGY

SPSY 610 Child Psychopathology

Credits 3. 3 Lecture Hours.

Major forms of psychopathology and behavioral disorders in children and adolescents; concepts of child psychological disorders; application of multiple theoretical models; understanding of the development context in which these orders exist.

Prerequisite: Graduate classification.

SPSY 611 Introduction to School Psychology: Legal, Ethical and Credentialing Issues in School Psychology

Credit 1. 1 Lecture Hour.

History of professional psychology with emphasis on school psychology; legal, ethical and credentialing issues in psychology; scholarly writing; models of providing clinical child and special educational services. May be taken up to three times for credit.

Prerequisite: Graduate classification.

SPSY 612 Individual Assessment of Children's Intelligence

Credits 4. 3 Lecture Hours. 2 Lab Hours.

Individual Assessment of Children's Intelligence. Educational and clinical applications of individual assessment; diagnostic measures of intelligence, achievement, language and perception; videotaping of student test administration is required for purposes of supervision and self-evaluation. Limited to 12 students per semester.

Prerequisites: Graduate classification.

SPSY 613 Crisis Intervention in the Schools

Credits 3. 3 Lecture Hours.

Fundamentals of school-based crisis intervention; emphasis on personal and situational crises, and the development and implementation of crisis intervention and prevention plans within the school setting; differing models of crisis intervention, models of coping with crisis and critical incidents, and the efficacy of crisis intervention.

Prerequisite: Graduate classification.

SPSY 614 Integrated Assessment Practicum

Credits 3. 1 Lecture Hour. 6 Lab Hours.

Student test administration competencies and a minimum of 150 hours of supervised experience in administration, analysis and reporting of individual diagnostic instruments.

Prerequisites: SPSY 612 and SPSY 617.

SPSY 615 Preschool Assessment

Credits 3. 3 Lecture Hours.

Assessment of infants and young children (birth to 5 years of age); requires extension of the diagnostic skills gained in other coursework to applications for early intervention and child find with younger children; measures/methods will include norm-referenced, criterion referenced, and play-based/observational methods used in the assessment of infants and young children.

Prerequisite: SPSY 612.

SPSY 617 Emotional Disturbance in Children

Credits 3. 3 Lecture Hours.

Diagnostic procedures and techniques in personality assessment and identification of emotionally disturbed children and youth.

Prerequisite: SPSY 610; SPSY 612; SPSY 642.

SPSY 620 Interdisciplinary Seminar in Prevention Science

Credit 1. 1 Lecture Hour.

Contemporary research programs that represent the interdisciplinary field of prevention science; strengths and limitations of diverse theoretical and conceptual bases of research in prevention science; application of research findings to issues related to the prevention of mental, emotional, and physical health problems and the promotion of well-being. May be taken 3 times for credit.

Prerequisite: Graduate classification and enrollment in the interdisciplinary graduate certificate in prevention science or approval of instructor.

Cross Listing: COMM 671, HLTH 671 and RPTS 620.

SPSY 627 Culturally Responsive Interventions: Models for Making Cultural Adaptations to Interventions

Credits 3. 3 Lecture Hours.

Introduction to literature that demonstrates the need to adapt evidence-based interventions for use with culturally and linguistically diverse populations; different models for making cultural adaptations; identify ways to ensure fidelity and integrity of interventions even after cultural adaptations are made; adaptations for populations with diverse home culture, language, race, sexual orientation, developmental abilities or SES.

Prerequisites: Graduate classification or approval of advisor.

SPSY 628 Consultation: Theory and Techniques

Credits 3. 3 Lecture Hours.

History and theory of various models of consultation including mental health, behavioral and organizational development; skills and techniques necessary for effective consultation; relevant research issues.

Prerequisite: Graduate classification.

SPSY 638 Systems Consultation and Prevention Science

Credits 3. 3 Lecture Hours.

Theory, research and practice in prevention science with an emphasis on individuals from birth to age 21; understanding and application of theories and methods of prevention science.

Prerequisite: Graduate classification.

SPSY 641 Child Therapy for School Behavior Problems

Credits 3. 3 Lecture Hours.

Selected therapy approaches for treating childhood behavior disorders that interfere with children's interpersonal and intrapersonal adjustment and school learning; play therapy, behavior therapy, cognitive therapies; case studies; observation of therapy cases in public and/or mental health settings.

Prerequisite: SPSY 610.

SPSY 642 Behavioral Assessment and Intervention

Credits 3. 3 Lecture Hours.

Overview of contemporary behavior theory and applied behavior analysis; overview of behavioral assessment strategies with an emphasis on the systematic observations of behavior and interviews; and contemporary behavior therapy approaches for use with educators, children, and their families.

Prerequisite: Graduate classification.

SPSY 643 Academic Assessment and Intervention

Credits 3. 3 Lecture Hours.

Developing effective and appropriate interventions for school-based academic concerns; collecting and interpreting data from informal academic assessments and observations for intervention development and evaluation; using curriculum-based assessments for monitoring student's academic programs and teacher decision making; understanding effective instructional strategies and their application to academic interventions.

Prerequisite: Graduate classification.

SPSY 644 Child Therapy: Advanced Theory and Techniques

Credits 3. 3 Lecture Hours.

Supervised experiences in public and mental health settings in the application of psychotherapy techniques with children, adolescents and families; interviewing techniques; process of therapy; advanced theoretical foundations; case management.

Prerequisite: SPSY 641.

SPSY 657 Bilingual Psychoeducational Assessment

Credits 4. 3 Lecture Hours. 2 Lab Hours.

Theory of second language acquisition; discrete point and descriptive approach to language assessment; achievement assessment; cognitive assessment and practical and cultural factors when assessing bilingual children.

Prerequisite: SPSY 612.

SPSY 683 Field Experience/Externship in School Psychology

Credits 1 to 15. 1 to 15 Other Hours.

Faculty supervised experience in professional employment public and mental settings in school psychology. May be taken up to 30 hours.

Prerequisite: Approval of instructor.

SPSY 684 Professional Internship

Credits 1 to 4. 1 to 4 Other Hours.

Limited to advanced doctoral students; faculty supervised experience in approved professional employment settings. Applications for September assignments must be approved the previous October. May be repeated up to 9 hours. Must be taken on a satisfactory/unsatisfactory basis.

Prerequisite: Completion of required substantive coursework; approval of instructor.

SPSY 685 Directed Studies

Credits 1 to 4. 1 to 4 Other Hours.

Directed individual study of selected problems.

Prerequisite: Approval of instructor.

SPSY 689 Special Topics in...

Credits 1 to 4. 1 to 4 Lecture Hours.

Selected topics in an identified area of school psychology. May be repeated for credit.

Prerequisite: Graduate classification.

SPSY 691 Research

Credits 1 to 23. 1 to 23 Other Hours.

Research for thesis or dissertation.

Prerequisite: Approval of instructor.
