

DEPARTMENT OF AGRICULTURAL LEADERSHIP, EDUCATION, AND COMMUNICATIONS

The Department of Agricultural Leadership, Education, and Communications (ALEC) includes a student-centered faculty and staff offering undergraduate degrees leading to professional careers. Using a blend of asynchronous and synchronous courses, our programs offer a unique combination of practical, hands-on experiences and critical people skills required for success in today's fast-paced careers. Upon graduation, our students are uniquely equipped for leadership, education, communications, and training roles in the broad field of agricultural sciences and human performance in both domestic and international settings.

We offer three Bachelor of Science degrees: Agricultural Communications and Journalism, Agricultural Leadership and Development, and Agricultural Science; and five minors: Agricultural Communications and Journalism, Extension Education, International Agricultural Development, Leadership, and Youth Development.

Degree Programs

Agricultural Communications and Journalism (AGCJ)
(<http://catalog.tamu.edu/undergraduate/agriculture-life-sciences/agricultural-leadership-education-communications/communications-journalism-bs/>)

This program prepares the student to work in news, magazine, broadcast, public relations, advertising, multimedia, digital cable, or satellite communications. Students in this program will complete courses in writing, editing, and basic digital design. Professional skills courses include publications production, public relations, photography, broadcasting, and electronic communications.

Agricultural Leadership and Development (ALED)
(<http://catalog.tamu.edu/undergraduate/agriculture-life-sciences/agricultural-leadership-education-communications/leadership-development-bs/>)

This program prepares the student to work with people involved in agriculture and life sciences and other related fields. Students in this program will complete courses in personal and organizational leadership, ethics, and leading change. Specialized courses include courses such as team leadership, leading volunteers, cultural pluralism, and agricultural extension related courses.

Agricultural Science (AGSC) (<http://catalog.tamu.edu/undergraduate/agriculture-life-sciences/agricultural-leadership-education-communications/agricultural-science-teaching-bs/>)

This program prepares the student for a degree and as well as teacher certification in Secondary Agricultural Science. Students in this program will study educational technologies, instructional design and program planning in agricultural science. The program is aimed at creating high

quality high school agricultural science teachers. However, other careers can often benefit from this training in agriculture and education.
