

AGRICULTURAL SYSTEMS MANAGEMENT - BS

Graduates of the Agricultural Systems Management program manage people, money and machines in the food and agricultural industries. They are typically employed as production or processing operations managers, equipment managers, or in technical sales and services. Employers include farm and industrial equipment companies, food processing plants, cotton gins, grain and seed companies, livestock feeding operations, irrigation companies, construction companies, manufacturers, and a variety of other employers who need technical managers.

The technological courses are applications-oriented and focus on practical experience in food processing systems, water management, machinery and power systems, electrical systems and electronics. Business courses include accounting, economics, marketing, management, law and finance. Students can obtain a minor in either Agricultural Economics or Business by taking the 15 hours of noted coursework, plus one additional 3-hour class per minor. Management and systems science techniques such as linear programming, simulation, optimization, queuing theory, inventory models, PERT/CPM and expert systems are taught along with applications for solving realistic problems faced by agribusiness managers. Supporting courses provide a foundation of mathematics, chemistry, computer and communications skills. Technical electives are available to develop a degree program that meets personal career objectives.

The curriculum is administered by the Department of Biological and Agricultural Engineering and leads to the Bachelor of Science degree in Agricultural Systems Management. AGSM 360 prepares students for the opportunity to pursue an occupational license. Students who participate in the class regularly and pass the course will be eligible for a "30 hour Course for General Industry" diploma from NASP. Please refer to the Notification for Students Pursuing an Occupational License (<http://catalog.tamu.edu/undergraduate/appendices/occupational-licensing/>) in our catalog for additional information.

Program Requirements

First Year

Fall		Semester Credit Hours
AGSM 125	Introduction to Agricultural Systems Management	1
AGSM 201	Agricultural Energy and Power Systems	3
CHEM 119	Fundamentals of Chemistry I	4
ENGL 104	Composition and Rhetoric	3
MATH 140	Mathematics for Business and Social Sciences	3
Semester Credit Hours		14
Spring		Semester Credit Hours
ECON 202	Principles of Economics	3
MATH 142	Business Calculus	3
MMET 105	Engineering Graphics	2
POLS 206	American National Government	3

Language, philosophy and culture (http://catalog.tamu.edu/undergraduate/general-information/university-core-curriculum/#language-philosophy-culture) ^{1,2}	3
General elective ^{3,4}	3
Semester Credit Hours	
17	

Second Year

Fall		Semester Credit Hours
ACCT 209	Survey of Accounting Principles ³	3
AGSM 301	Systems Analysis in Agriculture	3
PHYS 201	College Physics	4
POLS 207	State and Local Government	3
ENGL 210	Technical and Professional Writing	3
Semester Credit Hours		16
Spring		Semester Credit Hours
ACCT 210	Survey of Managerial and Cost Accounting Principles	3
COMM 203	Public Speaking	3
ECON 203	Principles of Economics	3
MGMT 209	Principles of Business Regulations and Law	3
	or AGECE 344 Law or Food and Agricultural Law	
Creative arts (http://catalog.tamu.edu/undergraduate/general-information/university-core-curriculum/#creative-arts)		3
Semester Credit Hours		15

Third Year

Fall		Semester Credit Hours
FINC 409	Survey of Finance Principles ^{3,4}	3
	or AGECE 330 or Financial Management in Agriculture	
MGMT 309	Survey of Management ^{3,4}	3
	or AGECE 340 or Agribusiness Management	
STAT 302	Statistical Methods	3
	or STAT 303 or Statistical Methods	
American history (http://catalog.tamu.edu/undergraduate/general-information/university-core-curriculum/#american-history) ^{1,2}		3
AGSM Directed elective ⁵		3
Semester Credit Hours		15

Spring		Semester Credit Hours
AGSM 310	Agricultural Machinery Management	3
AGSM 315/ FSTC 315	Food Process Engineering Technology	3
AGSM 325	Agri-Industrial Applications of Electricity	3
AGSM 360	Occupational Safety Management	3
Life and physical sciences (http://catalog.tamu.edu/undergraduate/general-information/university-core-curriculum/#life-physical-sciences) ¹		3
Semester Credit Hours		15

Fourth Year

Fall		Semester Credit Hours
AGSM 403	Processing and Storage of Agricultural Products	3
AGSM 439	Management of Agricultural Systems I ⁶	3
AGSM 470	Agricultural Electronics and Control	3

Select one of the following:		3
AGSM 473	Project Management for Agricultural Systems Technology (Select one of the following)	
ECCB 351	Geographic Information Systems for Resource Management	
RWFM 351	Geographic Information Systems for Resource Management	
Technical elective ^{2,7}		3
Semester Credit Hours		15
Spring		
AGSM 440	Management of Agricultural Systems II ⁶	3
MKTG 409 or AGECE 314	Principles of Marketing ^{3,4} or Marketing Agricultural and Food Products	3
American history (http://catalog.tamu.edu/undergraduate/general-information/university-core-curriculum/#american-history) ^{1,2}		3
AGSM Directed elective ⁵		3
Technical elective ^{2,7}		3
Technical elective ^{2,7}		3
Semester Credit Hours		18
Total Semester Credit Hours		125

¹ To be selected from the University Core Curriculum.

² The 3 hours of international and cultural diversity (<http://catalog.tamu.edu/undergraduate/general-information/degree-information/international-cultural-diversity-requirements/>) and 3 hours of cultural discourse (<http://catalog.tamu.edu/undergraduate/general-information/degree-information/cultural-discourse-requirements/>) courses, as required for graduation, may be met in the curriculum. Students may select Language, Philosophy, and Culture, Creative Arts, Technical Electives, or American History Electives that also meet the ICD/CD requirement.

³ A minor in Business may be obtained by completing the noted courses, plus ISTM 209. Each of these courses must be completed with a C or better.

⁴ A minor in Agricultural Economics may be obtained by completed the noted courses, plus AGECE 105. Each of these courses must be completed with a C or better.

⁵ The two (2) required AGSM Directed Electives must be selected from AGSM 335, AGSM 337, AGSM 435, AGSM 477.

⁶ All undergraduate students must take at least two (2) specific courses in their major designated as writing intensive (W). This course is an approved W course.

⁷ Technical electives must be selected in consultation with the student's advisor and from the current list of approved electives published by the department.

A grade of C or better is required for all Common Body of Knowledge (CBK) courses; ACCT 209, AGSM 301, CHEM 119, , ECON 202, MATH 140, MATH 142 and PHYS 201, or equivalents and senior capstone courses AGSM 439 and AGSM 440.
