

# WILDLIFE AND FISHERIES SCIENCES - MINOR

The Department of Wildlife and Fisheries Sciences offers an 18-hour minor in Wildlife and Fisheries Sciences as a supplement to other related majors. The minor includes three required courses as well as three additional courses that students can choose from which include courses centered on wildlife management, fisheries management, habitat management, and differences among the different types of wildlife. Students will get an exposure to both terrestrial and aquatic wildlife and habitats. BIOL 111 and BIOL 112 as well as RENR 205 are required prerequisites for several of these courses.

## Program Requirements

Code	Title	Semester Credit Hours
WFSC 302	Natural History of the Vertebrates	3
WFSC 304	Wildlife and Fisheries Conservation	3
WFSC 403	Animal Ecology	3
Select one of the following:		3
WFSC 311	Ichthyology <sup>1</sup>	
WFSC 401	General Mammalogy	
WFSC 402	General Ornithology	
Select one of the following:		3
