

BUSINESS OF TECHNOLOGY - CERTIFICATE

The Business of Technology certificate, available to students at Texas A&M University, represents a distinctive opportunity to explore the intersection of business and technology. The certificate is housed under the Aggies in Tech program – a high impact learning opportunity. The certificate is designed to augment participants' understanding of rapidly changing technologies, equip them for roles within leading technology enterprises, provide mentorship and networking opportunities with industry executives, and equip them with foundational knowledge.

Students pursuing this certificate must fulfill specified coursework obligations at Texas A&M University, prior to graduation. Upon successful fulfillment of these requirements, a certificate will be issued by the Office of the Registrar.
