

COMMERCIAL BANKING - CERTIFICATE

The Adam C. Sinn '00 Department of Finance (<https://mays.tamu.edu/departments-of-finance/>) offers specialized, industry-relevant study through the Commercial Banking Certificate Program (CBP). The CBP is designed to equip BBA FINC students with the banking and finance skills needed to prepare for and transition into successful careers in commercial banking, serving the personnel needs of the industry in the state of Texas and the United States.

The CBP requires completion of prescribed coursework and a paid summer internship with a member bank of the CBP Advisory Board. The required curriculum is representative of banking industry requirements for CBP graduates to be favorably recruited by the banking industry for commercial banking careers. Business student applicants must be U.S. citizens or permanent residents.

Students who pursue the CBP must complete all program requirements prior to graduation. Upon graduation a certificate notation will be added to the official transcript.
