## SUPPLY CHAIN MANAGEMENT - BBA

The Department of Information and Operations Management offers a Bachelor of Business Administration (BBA) degree in Supply Chain Management (SCMT). The SCMT major is primarily concerned with the efficient integration of suppliers, factories, warehouses, and retail outlets. The degree program prepares students for careers in designing and managing the activities that deliver products and services to customers. Supply chain activities add direct value to the customer and thus, are extremely valuable to firms.

The SCMT program produces graduates with strong analytical and problem-solving skills and the ability to work in and coordinate team activities. Graduates possess the business, technical, and leadership skills needed to meet the challenges of the rapidly evolving global marketplace.

For more information visit the BBA Supply Chain Management (https:// mays.tamu.edu/bba-supply-chain-management/) website.

#### **Upper-Level Entry Requirements**

Admission to the upper level major of SCMT requires satisfactory completion of specific coursework. To review requirements and application procedures see Upper-Level Entry Requirements and Application Procedures (http://catalog.tamu.edu/undergraduate/ business/).
