MARKETING - BBA, PROFESSIONAL SELLING AND SALES MANAGEMENT TRACK

Students who are looking to expand their communication and relationship building skills should consider the Professional Selling and Sales Management track. Students in this program will take four sales-related directed electives that provide real world scenarios and role-plays which help them build skills that are critical for a successful career in sales and marketing.

Upon graduating in the sales track, students will have enhanced their interpersonal communication skills in a business environment which gives them a distinct advantage in the job market regardless of the planned career path.

Students expecting to declare their upper level major in Marketing with the Professional Selling and Sales Management track must meet the following requirements.

Upper-Level Entry Requirements and Application Procedures

Students who meet the University and college entrance requirements enter Mays Business School as lower-level business (BUAD) majors. Students are encouraged to complete the freshman and sophomore sequences of courses as listed under Curriculum in Business.

Enrollment of Mays Business School students in junior- and senior-level business courses is limited to those who have been admitted to upper-level (also referred to as upper division) in one of the seven BBA majors: accounting, business honors, finance, management, management information systems, marketing, and supply chain management.

The BBA (accounting, business honors, finance, management, management information systems, marketing, and supply chain management) upper-level entry requirements and application procedures are as follows:

1. Admission to Upper-Level Major. To be admitted to an upper-level major, a BUAD student must be admitted to Mays Business School and have:

2. Transfer Students: Transfer students admitted to Mays Business School will be classified as lower-level business (BUAD) majors until they complete all requirements listed previously in item 1, at which time they may apply for admission to an upper-level major field of study. Transfer students may immediately apply for upper-level when admitted to Mays Business School if, and only if, they meet all upper-level requirements at that time.

3. Change of Curriculum Students: Texas A&M students who change curriculum into Mays Business School from another college or department at the University enter the business school as lower-level Business (BUAD) students until they complete all requirements listed previously in item 1. Change of curriculum students who, when admitted to the business school, qualify to apply for admission to an upper-level major may do so.

4. Junior- and Senior-Level Business Courses: Preference for available seats in junior- and senior-level business courses will be given to students who have been admitted to a BBA degree granting major in Mays Business School. All ineligible students who pre-register for upper-level business classes are subject to cancellation of their registration in these courses.
