ESSM ECOSYSTEM SCIENCE & MGMT (ESSM)

ESSM 281 Seminar in Ecosystem Science and Management

Credit 1. 1 Other Hour. Writing intensive, focused on writing and formatting technical documents relevant to ecosystem sciences and management; includes memos, short synthesis papers and one longer review paper. Prerequisites: RENR, FORS, RLEM, ECOR and SPSA majors only.

ESSM 306 Plant Functional Ecology and Adaptation

Credits 3. 3 Lecture Hours. Investigation of physiological mechanisms influencing ecological patterns and processes, including plant acclimation and adaptation in contrasting habitats; abiotic controls on species productivity and distribution; underlying genetic and evolutionary mechanisms contributing to the occurrence of specific genotypes and phenotypes in unique environments. Prerequisites: RENR 205, any BIOL course, junior or senior classification or approval of instructor.
