ITDE - INTERDISCIPLINARY ENGR (ITDE)

ITDE 201 Foundations of Interdisciplinary Engineering  
Credit 1. 1 Lecture Hour.  
Success strategies for the interdisciplinary approach to engineering problems; ethical issues in engineering and formation of ethical codes in the interdisciplinary context; effective communications for engineering practice; formation of professional cohorts and networks.  
Prerequisites: Admission to major degree sequence in interdisciplinary engineering.

ITDE 285 Directed Studies  
Credits 0 to 6. 0 to 6 Other Hours.  
Directed studies within interdisciplinary engineering.  
Prerequisites: Sophomore classification and approval of interdisciplinary engineering director or delegate.

ITDE 289 Special Topics in...  
Credits 1 to 4. 1 to 4 Lecture Hours.  
Selected topics in an identified area of interdisciplinary engineering.

ITDE 291 Research  
Credits 1 to 6. 1 to 6 Other Hours.  
Research conducted under the direction of faculty member in interdisciplinary engineering.  
Prerequisites: Sophomore classification and approval of interdisciplinary engineering director or delegate.

ITDE 301 Interdisciplinary Engineering Experimentation  
Credit 1. 0 Lecture Hours. 3 Lab Hours.  
Role of experimentation across engineering problems; data collection, analysis and interpretation; use of engineering judgment to draw conclusions; instrumentation and procedures used in a variety of engineering contexts; presentation of experimental findings in written and oral formats.  
Prerequisite: Grade of C or better in ITDE 201 or approval of instructor.

ITDE 399 High Impact Experience for Interdisciplinary Engineers  
Credits 0. 0 Other Hours.  
Participation in an approved high-impact learning practice; reflection on professional outcomes from engineering body of knowledge; documentation and self-assessment of learning experience at mid-curriculum point. Must be taken on a satisfactory/unsatisfactory basis.  
Prerequisites: ITDE major; junior or senior classification.

ITDE 401 Interdisciplinary Engineering Capstone Design I  
Credits 3. 2 Lecture Hours. 3 Lab Hours.  
Instruction and practice in the design process applied to an interdisciplinary design project including establish the customer need; determination of requirements in terms of function, what, and performance, how well; development of alternative design concepts; performance of trade-off studies among performance, cost and schedule; embodiment and detail design; iteration of the above steps; major interdisciplinary design project.  
Prerequisite: Grade of C or better in ITDE 301; senior classification; approval of instructor.

ITDE 402 Interdisciplinary Engineering Capstone Design II  
Credits 2. 1 Lecture Hour. 3 Lab Hours.  
Extended interdisciplinary design development process; project management; product-market fit and customer search considerations; manufacturing detailed design specifications; failure modes; applications of codes and standards; selection of design margins; product, component, development guidelines; intellectual property, product liability and ethical responsibility.  
Prerequisite: Grade of C or better in ITDE 401.

ITDE 485 Directed Studies  
Credits 0 to 6. 0 to 6 Other Hours.  
Directed studies within interdisciplinary engineering.  
Prerequisites: Junior or senior classification and approval of interdisciplinary engineering director or delegate.

ITDE 489 Special Topics In...  
Credits 1 to 4. 1 to 4 Lecture Hours.  
Selected topics in an identified area of interdisciplinary engineering. May be repeated for credit.

ITDE 491 Research  
Credits 1 to 6. 1 to 6 Other Hours.  
Research conducted under the direction of faculty member in interdisciplinary engineering.  
Prerequisites: Junior or senior classification and approval of interdisciplinary engineering director or delegate.

ITDE 499 Degree Plan Approval for ITDE  
Credits 0. 0 Other Hours.  
Successful completion of approved Bachelor of Science in Interdisciplinary Engineering degree plan.  
Prerequisites: ITDE major; junior or senior classification; ENGR 402 or concurrent enrollment.
