# INDUSTRIAL ENGINEERING - 5-YEAR BACHELOR OF SCIENCE AND MASTER OF SCIENCE IN FINANCE

## **Program Requirements**

The freshman year is identical for degrees in aerospace engineering, architectural engineering, civil engineering, computer engineering, computer science, electrical engineering, electronic systems engineering technology, environmental engineering, industrial distribution, industrial engineering, interdisciplinary engineering, manufacturing and mechanical engineering technology, mechanical engineering, multidisciplinary engineering technology, nuclear engineering, ocean engineering, and petroleum engineering (Note: not all programs listed are offered in Qatar). The freshman year is slightly different for chemical engineering, biomedical engineering and materials science and engineering degrees in that students take CHEM 119 or CHEM 107/CHEM 117 and CHEM 120.

Students pursuing degrees in biological and agricultural engineering should refer to the specific curriculum for this major. It is recognized that many students will change the sequence and number of courses taken in any semester. Deviations from the prescribed course sequence, however, should be made with care to ensure that prerequisites for all courses are met.

### First Year

Fall		Semester Credit Hours	
CHEM 107	General Chemistry for Engineering Students <sup>1,4</sup>	3	
CHEM 117	General Chemistry for Engineering Students Laboratory <sup>1,4</sup>	1	
ENGL 103 or ENGL 104	Introduction to Rhetoric and Composition <sup>1</sup> or Composition and Rhetoric	3	
ENGR 102	Engineering Lab I - Computation <sup>1</sup>	2	
MATH 151	Engineering Mathematics I 1,2	4	
University Core Curriculum (http://catalog.tamu.edu/ 3 undergraduate/general-information/university-core-curriculum/) 3			
On wise or	Semester Credit Hours	16	
Spring	Formation and I Blancian and Formitian Lab	0	
ENGR 216/ PHYS 216	Experimental Physics and Engineering Lab II - Mechanics <sup>1</sup>	2	
MATH 152	Engineering Mathematics II 1	4	
PHYS 206	Newtonian Mechanics for Engineering and Science <sup>1</sup>	3	
University Core Curriculum (http://catalog.tamu.edu/ undergraduate/general-information/university-core- curriculum/) <sup>3</sup>

Semester Credit Hours	15-16
Total Semester Credit Hours	31-32

- A grade of C or better is required.
- <sup>2</sup> Entering students will be given a math placement exam. Test results will be used in selecting the appropriate starting course which may be at a higher or lower level.
- Of the 21 hours shown as University Core Curriculum electives, 3 must be from creative arts (see AREN curriculum for more information), 3 from social and behavioral sciences (see IDIS curriculum for more information), 3 from language, philosophy and culture (see CVEN, EVEN and PETE curriculum for more information), 6 from American history and 6 from government/political science. The required 3 hours of international and cultural diversity and 3 hours of cultural discourse may be met by courses satisfying the creative arts, social and behavioral sciences, language, philosophy and culture, and American history requirements if they are also on the approved list of international and cultural diversity (http://catalog.tamu.edu/undergraduate/general-information/degree-information/international-cultural-diversity-requirements/) courses and cultural discourse (http://catalog.tamu.edu/undergraduate/general-information/degree-information/cultural-discourse-requirements/) courses.
- <sup>4</sup> BMEN, CHEN and MSEN require 8 hours of fundamentals of chemistry which are satisfied with CHEM 119 or CHEM 107/CHEM 117 and CHEM 120; Students with an interest in BMEN, CHEN and MSEN can take CHEM 120 second semester freshman year. CHEM 120 will substitute for CHEM 107/CHEM 117.
- For BS-PETE, allocate 3 hours to core communications course (ENGL 210, COMM 203, COMM 205, or COMM 243) and/or 3 hours to UCC elective. For BS-MEEN, allocate 3 hours to core communications course (ENGL 203, ENGL 210, or COMM 205) and/or 3 hours to UCC elective.

### Second Year

Fall		Semester Credit Hours
ENGR 217/ PHYS 217	Experimental Physics and Engineering Lab III - Electricity and Magnetism <sup>1</sup>	2
MATH 251	Engineering Mathematics III 1	3
MMET 181 or ISEN 281	Manufacturing and Assembly Processes I <sup>1</sup> or Essentials of Modern Manufacturing Methods for Engineering Design	3

- MSF prerequistie course that counts towards ISEN degree.
- Course that will double count.
- A total of 9 hours of technical electives is required. The choice of courses to be taken must be made in consultation with the student's advisor and/or the Industrial Engineering Advising Office.
- All students are required to complete a high-impact experience in order to graduate. The list of possible high-impact experiences is available in the INEN advising office.
- The MS Finance degree requires students to take 6 hours of electives in support of their career goals.

The Bachelor of Science degree in Industrial Engineering requires a grade of C or better for required industrial engineering (ISEN) courses.

The program includes a total of 164 hours which up to 9 hours may be applied toward both the Bachelor of Science in Industrial Engineering and the Master of Science in Finance.

# **Total Program Hours 164**
