Liberal Studies students participate in a variety of state and national programs such as the Model United Nations, Student Conference on National Affairs, and the Bush School Public Service Institute. They are encouraged to avail themselves of the international educational opportunities available through courses offered in the Texas A&M University Education Abroad Programs Office (http://abroad.tamu.edu/).

With faculty maintaining research agendas in a variety of disciplines including politics, history, mass media and communication, English, popular culture, archeology, philosophy, museum studies, anthropology, genocide studies, African-American studies, and mathematics, Liberal Studies builds within students enhanced critical thinking and strong communication skills, while emphasizing the critical nature of multicultural thinking and collaboration in a global economy.

The Department of Liberal Studies provides the skills necessary for students to:

- Lead others through critical thinking, multi-dimensional problem solving, and issue advocacy;
- Be competitive in a multicultural world increasingly interested in college graduates with interdisciplinary backgrounds;
- Inform public policy creation and decision-making from both the governmental and business perspectives;
- Earn internships in areas such as politics, law and legal affairs, communication, for-profit and non-profit organizations, artifact conservation and museum management;
- Prepare for graduate school and law school opportunities;
- Understand the inalienable connections between liberal education, freedom, and democracy.
