- Successfully complete all competencies required by the International Convention on Standards for Training, Certification and Watchkeeping (STCW).

¹ Indicates required courses in the Marine Transportation major. These courses will be used to compute the major GPA, which must be at least 2.25.

² Indicates license courses leading to a USCG/STCW license endorsement or sea time credit accrual which require a minimum grade of C or better to earn the endorsement or accrual. Students will be required to repeat the course until they earn a grade of C or better. MART 307 GMDSS requires a score of 75 percent or better.

³ Indicates a course that satisfies the writing intensive course requirements of the University.

⁴ Approved MART Directed Electives include but are not limited to ACCT 229; MARA 304, MARA 342, MARA 363, MARA 401, MARA 402, MARA 424, MARA 440, MARA 450; MART 205, MART 213, MART 308, MART 311, MART 485, MART 489.

⁵ MART 498 must be taken within one year of graduation to receive USCG approval.

Note: STCW competency certifications expire 5 years after completion. If the cadet does not complete the degree within that time period, the cadet will be required to revalidate the expired competency prior to graduation.

All electives must be chosen in consultation with, and approved by, the student's academic advisor. Unless courses are specifically listed, see University Core Curriculum (<http://catalog.tamu.edu/undergraduate/general-information/university-core-curriculum/>) for a listing of course options for Communication; Mathematics; Life and Physical Sciences; Language, Philosophy and Culture; Creative Arts; American History; Government and Political Sciences; and Social and Behavioral Sciences. The 6-hour University Core Curriculum (<http://catalog.tamu.edu/undergraduate/general-information/university-core-curriculum/>) requirement for International and Cultural Diversity (<http://catalog.tamu.edu/undergraduate/general-information/degree-information/international-cultural-diversity-requirements/>) may be met with courses used to satisfy other degree requirements.

MART students are required to earn a grade of C or better in all MART courses, including electives in field.

The total hours may be increased if the student is required to take remedial math, remedial English, foreign language or International and Cultural Diversity (<http://catalog.tamu.edu/undergraduate/general-information/degree-information/international-cultural-diversity-requirements/>) courses, or any of the six hour cruise options. The six hour cruise options (NAUT 300 and NAUT 400) do not add any required hours to the degree plan.

This degree requires full participation in the Texas A&M University Maritime Academy Corps of Cadets as a qualified license option cadet. Refer to the University catalog section for the Texas A&M Maritime Academy for additional information. In addition to the academic requirements outlined here, the cadet must also complete the following requirements to receive the degree:

- Successfully complete required sea service and minimum training cruise requirements.
- Pass a comprehensive professional examination (either the Third Mate Unlimited- Oceans or Third Assistant Engineering Unlimited) administered by the U.S. Coast Guard (USCG).
