

PUBLIC HEALTH STUDIES - MINOR

The Public Health Studies minor consists of 15 hrs of selected upper-level Public Health coursework. Students are encouraged to select courses in consultation with a School of Public Health Undergraduate Academic Advisor.

Students with a minor in Public Health are prepared to: understand factors influencing health in individuals, communities and populations; contribute to society as citizens armed with the knowledge and skills to promote the common good; promote healthier lifestyles and environments; and contribute to the implementation of programs and interventions. Students applying for a PHLT minor must have a 2.0 or better overall GPA.
