TUITION, FEES AND OTHER FINANCIAL INFORMATION

General Information
Educational expenses for nine months will vary according to personal needs and course of study. The estimated cost to attend Texas A&M is approximately $30,608 for in-state residents which includes tuition and fees, housing and food, books, transportation and miscellaneous expenses. The estimated cost to attend for non-resident or international students is about $58,976. All tuition and fees amounts provided herein represent the most accurate figures available at the time of publication and are subject to change without notice. University Rules in place at the time of publishing are reflected here. All are subject to change. The most current information available will be maintained on the Aggie One Stop (https://aggie.tamu.edu/) website. Student Business Services online tuition and fee estimate calculator can be found at the Student Business Services (http://sbs.tamu.edu/) website.

Payment of Tuition and Fees
Students must meet all financial obligations to the University by their due dates to avoid late penalties. Failure to pay amounts owed may result in cancellation of the student’s registration, barring from future enrollment and non-issuance of official transcripts. State law requires that tuition and fees be paid prior to the first day of classes. Students who wish to pay fees in installments can select the option on the My Finances tab on the Howdy (http://howdy.tamu.edu) Portal.

Obligation to Pay Tuition, Required Fees, Other Fees and Charges for Optional Services
By registering for classes, students agree to pay all tuition and required fees associated with their registration, optional services and other fees, whether paying in full or utilizing the installment payment option. Failure to pay tuition, fees and other charges may result in penalties, late registration fees and/or possible cancellation.

Student Account Deferment Option for Recipients of Military Education Benefits
In accordance with 38 U.S. Code § 3679 (e), Texas A&M University will not impose any penalty, including the assessment of late fees, the denial of access to classes, libraries, or other institutional facilities or the requirement that a student receiving military education benefits borrow additional funds because of the student's inability to meet financial obligations to the University on time as the result of the delayed disbursement of a state or federal military-related student financial assistance program covering tuition and fees.

Eligible students may request deferment for payment of tuition and fees if the military-related financial assistance is delayed. Requests for deferment should be requested prior to the first bill due date. Deferment will be permitted for up to 60 days from the first day of the semester. Should late fee penalties be inadvertently assessed, eligible students may seek assistance from the Aggie One Stop or Scholarships & Financial Aid to request reversal of fees. These offices will in turn collaborate with Student Business Services to manage the student account until receipt of the benefit payment.

Financial Obligation for Graduating Students
According to Texas A&M University Student Rules and Chapter § 54.007 (c) of the Texas Education Code, all financial obligations to the University must be paid by the end of the semester. Failure to settle all financial obligations will result in withholding a student’s diploma at graduation. Additionally, a block will be placed on the student’s account which will prohibit registration in subsequent semesters and receipt of official transcripts.

Locked and Variable Rate Tuition Plans
Beginning with the Academic Year 2018-2019, incoming undergraduate Texas resident students at Texas A&M University will be offered the choice between a variable rate tuition plan or a locked-rate (fixed) tuition plan allowing students and their parents to better plan and budget for college expenses. You will need to select the best option for you and your family prior to registration. Incoming Non-Resident Students will default to the Variable Rate Plan.

Locked rates are guaranteed for a period of time-based on college and/or major:

All majors in the College of Engineering: 4.5 years from the time freshmen first enter college after high school.

Landscape Architecture: 5 years from the time freshmen first enter college after high school.

All Other Majors: 4 years from the time freshmen first enter college after high school.

HSC: Health Science Center (HSC) programs are upper-division programs with separate budgeted rates of two-year time frames. Upon transfer/entrance to an HSC major, you will be reassigned to their current-year locked-rate cohort for two years, or your remaining time left if you are originally in a main-campus locked-rate cohort.

Once you have completed the length of time in your locked rate cohort you will automatically be moved to the current year Variable Rate Cohort Non-Resident Students: Because the State of Texas does not fund "non-resident" tuition, mandates issued by the state for the fixed-rate tuition plan do not apply to non-resident students. Therefore, non-resident students will default to the variable-rate plan.

Options
Variable rate plan: Tuition and fees could increase each year, using the Higher Education Price Index.

Locked-rate (fixed) plan: Tuition and fees are locked into a per semester rate for 12 consecutive semesters, or 4 years, from the point of initial enrollment at a public or private institution.

Entering Freshman Texas Resident Students: Will choose either the variable rate or the locked-rate (fixed) associated with their first term of enrollment.

Entering Transfer or Readmit Texas Resident Students: Have three options to choose from

- Variable rate, which will vary each academic year
- Locked rate (fixed), based on their first term of enrollment in college after high school, which will expire at the end of 12 consecutive semesters, or 4 years from that first term of enrollment
- The current academic year’s tuition and fee rate which will be locked in for 12 consecutive semesters or 4 years

Presumptions
Students will enroll in 30 hours an academic year for 4 years allowing completion of most degree plans. Some majors such as engineering and architecture are offered 1-2 additional semesters at the locked rate.

Where do I select my tuition rate?
All incoming freshmen and admitted transfer and readmit applicants must select a rate prior to registration. Rate code selections can be made by logging in to the Howdy Portal at howdy.tamu.edu (http://howdy.tamu.edu), selecting the My Finances Tab and following the instructions. The choice will be offered only once and cannot be changed in future semesters.

Tuition estimates can be found on the Student Business Services website at sbs.tamu.edu/ (http://sbs.tamu.edu/).

Texas A&M has chosen to assess a supplementary fee to those students attempting a course more than twice.

A student attempting certain courses more than twice at Texas A&M will be subject to a supplementary fee of $125 per semester credit hour ($375 for a 3 hour course) for the repeated course, in addition to tuition and required fees associated with the course.

Returned Payments

Any payment that is rejected for payment by the paying bank, credit card company or other financial institution is subject to returned item charges of $30 or more. Rejected payments may also result in cancellation of the student’s registration and additional late registration penalties if the student is required to re-register on or after the first day of classes.

Payment Plans

Tuition, required fees, room, board and parking are payable in full, or in installments. A service charge, to cover the cost of handling, will be assessed to each student who chooses to use the payment plan each semester. Students may pay their account in full any time during a semester; however, the service fee will not be refunded once a payment is
made under the payment plan or after the first payment due date. See the Student Business Services website (http://sbs.tamu.edu) for information on installment plans.

**Deposits**

**General Deposit**

A deposit of $100 is required of every student to ensure the institution against losses, damages, and breakage for which the student is responsible, or to be used to offset in part amounts owed by the student to the institution. General deposits are returned to students, less any such amounts owed to the institution, within a reasonable period after the date of the student's withdrawal or graduation from the institution, not to exceed 180 days. The deposit retention period provides the university sufficient time to identify all amounts owed and to determine if the student intends to enroll in the semester or summer session immediately following the student's withdrawal or graduation or, if the student withdraws or graduates in the spring semester, in the next fall semester. If a student leaves the University without graduating or officially withdrawing, they must submit a written request to Student Business Services to receive a refund of their deposit. Deposits for students that do not graduate, withdraw or otherwise request a refund remain on file for four years. Those deposits are forfeited to the University's General Deposit Scholarship Fund, after deducting any amounts owed the University.

**Penalties and Late Fees**

**Late Payment Penalty**

There are severe penalties for failure to pay student account balances and installments by their specified due dates. If a payment is delinquent when a semester ends, the student will be blocked and may not receive credit for academic work performed. Students will not be readmitted to the University until all past due balances, including late charges, are paid. A late fee of $25 for A&M students and $50 for HSC students will be assessed for each payment not received on or before it is due. If a student is removed from the rolls of the University or is withdrawn for failure to pay amounts owed the University, a reinstatement fee of $200 will be assessed in addition to any other late fees or penalties already incurred. Current due dates can be found online at the Student Business Services website (http://sbs.tamu.edu).

**Late Registration Fees**

Students who register on or after the first day of classes are assessed a late registration fee of $100 for A&M students and $200 for HSC students. Students who register after the official census date (12th class day for fall or spring and 4th class day for summer) are assessed a late registration fee of $200 for A&M students and $250 for HSC students. Students who add classes after the official census date are assessed a late add fee of $50 for A&M students and $100 for HSC students. Note: Penalties, late registration and late add fees also apply to students who are required to re-enroll because their registrations were canceled for nonpayment. Registrations are subject to cancellation and/or financial penalties if sufficient payment is not received before 5:00 p.m. on the semester due date.

**Use of Collection Agencies and Credit Bureau**

If amounts become past due, the University reserves the right to report the account to the Credit Bureau. This will also initiate internal collection efforts and could cause the University to employ an outside collection agency to recover the debt. If any collection efforts must take place, the student will be required to reimburse the University for the fees of any collection agency which may be based on a percentage at a maximum of 30% of the debt. All costs and expenses, including reasonable attorney's fees the University, incur in such collection efforts.

**Canceling Registration**

Once students have registered for classes, they must select one course of action from the following to remain in good standing with the University:

- pay all amounts due by the specified due date;
- use the online registration to drop all classes prior to the first day of classes; or
- initiate the withdrawal process online in Howdy to begin the process to withdraw from the University after the first day of classes.

Following this procedure is especially important for students who have been awarded scholarships or financial aid since the aid may automatically pay tuition and fees and cause the registration to be held even though the student has decided not to attend. Failure to request cancellation of an unwanted registration may result in grades of F or I in all courses for the semester. The student will be required to reimburse the University for scholarships and other financial aid applied to their account and will be held responsible for paying all fees for the semester, regardless of whether they attended classes.

**Cancellation for Nonpayment of Tuition or Fees**

The University reserves the right to cancel registrations not paid by their due date, or the official census date for a semester or summer term, to comply with state laws requiring payment of tuition and fees, to free the classroom spaces for other students, and to ensure the most efficient use of university resources.

**Refunds and Adjustments**

**Fee Adjustments for Courses Dropped**

A student may drop individual courses during the first five days of a fall or spring semester (first four days of a summer term). Students also may drop individual classes with special permission of the dean between the 6th and 12th class days. Full refunds will be given for the individually dropped courses during these periods provided the student remains enrolled in at least one class and has not withdrawn from the university. Refunds will not be issued for classes dropped after the 12th class day. Any credit balance on a student account as a result of dropping courses will not be refunded until after the fifth class day. As of the first day of the semester, students may not drop all of their courses through the drop/add process, but instead must begin the official withdrawal process online through Howdy (https://howdy.tamu.edu) (see Withdrawal from the University below for additional information regarding the withdrawal process). A student may add courses during the first five days of a fall or spring semester.

**Athletic Refunds**

Refunds are not allowed for individual games or games missed. A prorated refund is permitted until the option is used to pick up a ticket for any one game. Once a ticket option has been used, prorated refunds will be given only in the event of withdrawal from the University.

**Refund Delivery**

Texas A&M and Flywire have joined forces to deliver financial aid and other refunds to students faster through the University’s refund delivery process. You will receive information from the University at your new student conference and in your official University email account, which will explain the process for signing up for direct deposit of refunds.

**Tuition Insurance**

Texas A&M University has teamed up with GradGuard™ (https://gradguard.com/tuition/tamu/) to offer tuition insurance to Aggie students and families. This protection strengthens our existing refund policy (https://sbs.tamu.edu/billing-payments/withdrawing/) and can provide reimbursement for tuition, housing, and other fees if a student withdraws for a covered medical reason at any time during the covered semester.

**Yearbook Refunds**

Yearbook charges are refundable in full during the semester in which payment is made. Thereafter, no refunds will be made on orders canceled in subsequent semesters. Yearbooks must be picked up during the academic year in which they are published. Students who will not be on campus when the yearbooks are published must pay a mailing and handling fee. Yearbooks will not be held, nor will they be mailed, without payment of the mailing and handling fee. Refunds will not be made on books not picked up within one semester of the publication date. Refunds will not be made before 21 days from the date of payment. Refund policies contained herein reflect policies in effect at the time of publication and are subject to change.

**Aggie Dining Meal Plan Adjustment/Cancellation Transfer Policies**

Aggie Dining’s information is based on information available at the time of publishing and are subject to change.

Meal Plans are valid for one semester within dates designated on dining.tamu.edu (https://dineoncampus.com/tamu/). Check with Aggie Dining for posted dates for Meal Plan access. Location hours may vary during class breaks and meal availability may exclude official University holidays.

Following University policy, no one is authorized to use or borrow a student’s identification card (Aggie Card); therefore, Meal Plans are not transferable between students. The Aggie Card must be presented to Aggie Dining cashiers for Meal Plan participation. Residence Hall and White Creek Apartment Cancellation Policy and Refunds

Any cancellation after May 1st for the Fall (regardless of when the student applies) is subject to the following cancellations penalties: 1) Prior to May 1st - no penalty, 2) May 2nd to May 30th - $500, 3) June 1st to August 14th - $1000, 4) August 15th (or after move) - 100% of Fall semester rent and 5) Students who cancel their housing assignment after the student has moved in for the Fall is subject to 100% of the Spring semester rent.

Exceptions to the housing charge/refund schedule may be granted for students who graduate at the end of the Fall semester, enlist in the Armed Forces of the United States, are accepted into one of the Service Academies, or participate in a cooperative education/internship, student teaching (not in the local area), or a student abroad program for the Spring semester if written notification and verification of the aforementioned condition is received in the Housing Assignments Office, Corps Housing Office, or University Apartments Office (as applicable) by November 15th. Exceptions may also be made for students who are academically restricted from re-enrollment or who become medically unable to return for the Spring (or summer if a 12 month contract) semester if written notification is received prior to the beginning of classes for the Spring (or Summer if a 12 month contract).

Withdrawal from the University

Once the University has accepted payment for tuition and fees, a student is considered officially enrolled unless otherwise restricted from enrolling. Stopping payment on a check for fees or allowing the check to be returned unpaid by the bank for any reason does not constitute official withdrawal.

Before classes begin, you may go online to Howdy (http://howdy.tamu.edu/) and drop your courses and options for the semester.

After classes begin, you must go through the official withdrawal process in order to cancel your registration for the semester. In Howdy (http://howdy.tamu.edu/), go to the Student Withdrawal channel on the My Record tab to begin the online withdrawal process. Failure to complete the withdrawal process will result in forfeiture of any tuition and fee adjustments, and course work may be recorded as incomplete or failed.

Failure to follow procedures for withdrawing from the University may result in financial penalties and delays with future enrollment in the University. Once a student registers, they are responsible for the total fees assessed regardless of whether the installment option is used. Refund percentages are applied to total fees assessed and not the amount paid. This means that students who withdraw before paying all installments may, in the event of withdrawal, still owe the University.

International students must visit with an advisor in International Student Services before withdrawing to determine if doing so will affect visa status.

Student athletes should visit with an academic advisor in Athletics before initiating the withdrawal process.

Recipients of financial aid should visit with an Enrollment Services Advisor before withdrawing. Students receiving funds awarded by Scholarships & Financial Aid should be aware that federal regulations require a return calculation for all students who receive Title IV student assistance (federal aid) and withdraw during a payment period (semester). These regulations stipulate that students who withdraw prior to the end of a payment period may be required to return disbursed funds not earned if at the time of their withdrawal they have not completed 60 percent of the days they were scheduled to complete.

Scholarships & Financial Aid will notify and provide instructions to students for whom aid has been adjusted due to the return calculation. Eligibility for state and institutional funds may also be impacted by withdrawing from the University. More details can be found on our Maintaining Eligibility website.

Additionally, students who do not successfully complete courses for the semester may be considered unofficially withdrawn and could be subject to the same return calculation described above based on their last date of academic engagement as reported by their instructor(s). Academic engagement includes, but is not limited to, attending an in person or synchronous course lecture, or submitting an academic assignment or taking an exam. All disbursed funds may be returned if academic engagement cannot be documented in any course.

For aid recipients, course drops and withdrawals are considered to be unsuccessfully completed coursework when determining Satisfactory Academic Progress (SAP) and will impact completion rate. This can affect future aid eligibility. More details can be found on our Maintaining Eligibility website.

Allocating Returned Title IV Funds (Federal Aid)

Funds returned to the federal government due to student withdrawal are used to reduce the outstanding balances in individual federal programs.

Financial aid returned (by the University and/or the student or parent) must be allocated in the following order:

1. Unsubsidized Federal Direct Loan
2. Subsidized Federal Direct Loan
3. Direct Graduate PLUS (Student) Loan
4. Federal Direct PLUS (Parent) Loan
5. Federal Pell Grant
6. Iraq and Afghanistan Service Grant
7. Federal Supplemental Educational Opportunity Grant (FSEOG)
8. TEACH Grant
9. Other state or institutional financial aid programs

Returns of state and institutional aid will be calculated using the same percentage proration used by Student Business Services to determine the amount of tuition and fees to be charged to a withdrawn student.

Unclaimed Title IV Refunds

According to federal law, the university is required to return Title IV funds that have not been claimed (i.e., refund check that has not been cashed)
within 240 days of issue. These funds will be returned to the federal financial aid program from which they were disbursed.

**Rebates**

**Tuition Rebates After Graduation**

Certain undergraduate students who attempt no more than three hours in excess of the minimum number of semester credit hours required to complete the degree under the catalog under which they were graduated may be entitled to a $1,000 tuition rebate after graduation. Several conditions apply and students must meet all of the specified criteria. If you wish to try and qualify for this program, please see the Office of the Registrar website (http://registrar.tamu.edu) for a complete set of student and institutional responsibilities and other criteria.
