

MANAGEMENT - BBA, CONSULTING/GENERAL MANAGEMENT TRACK

The Department of Management offers a Bachelor of Business Administration (BBA) in Management. The BBA Management (MGMT) major equips students with the academic knowledge and professional skills they need to pursue rewarding careers in a variety of industries. Students select from one of four specializations, or tracks, that provide academic focus and career direction for student interests.

The BBA MGMT-*Consulting and General Management* track is designed for students interested in problem-solving and helping individuals or organizations as they maneuver the business environment, whether the student anticipates working in the consulting industry or in any managerial role. The curriculum will sharpen students' problem-solving skills and teach them how to help organizations or individuals manage the challenges and capitalize on opportunities they face.

Upper-Level Entry Requirements

Admission to the upper-level major of management (MGMT) requires satisfactory completion of specific coursework. To review requirements and application procedures see Upper-Level Entry Requirements and Application Procedures.
